**RE: HB0391 (cross-filed with SB0429)**

Dear Chair Wilson:

I am writing in support of HB0391, entitled "Corporations and Associations – Protestant Episcopal Church, Diocese of Washington."

I serve as the XI Bishop of the Episcopal Diocese of Easton. Our Diocese comprises thirty-nine Episcopal congregations located in Maryland.

I urge the General Assembly to pass HB0391 in order to make uniform the corporate organization of Episcopal parishes throughout Maryland. My colleagues in the Episcopal Diocese of Washington have asked for our support of this measure, in order to repeal the outdated 1700s-era laws that currently apply only to parishes in the Diocese of Washington. These same changes were already made for the Diocese of Maryland in the 1970s and the Diocese of Easton in the 1990s. If passed, HB0391 will provide the same treatment to parishes in the Diocese of Washington as already applies in the Dioceses of Maryland and Easton.

Should you have any questions, please contact my office.

Sincerely,

The Right Rev. Santosh K. Marray, D. Min., D.D.  
XI Bishop, The Episcopal Diocese of Easton
