

## Dumbest Bills Top 10

SB0433 is a VERY RACIST Bill! Excludes specific RACES? ARE only black people POOR? Do certain people have a monopoly on poverty? So white single mothers can't be poor by color of skin alone? Or people who have lost their jobs across all demographics and spectrum of races? Too bad white people, too bad Asian people. You are saying in this bill - too bad you are poor, too bad you are marginalized, this bill does not seem to care about you because you don't matter, only a selective group matters! Hooray you've shown more hypocrisy in this bill than most of the other 3,000+++ bills combined. A monumental feat, congratulations.

Say NO to this RACIST Bill.
