

I believe one needs a govt issued ID to get into your Annapolis, Maryland govt building to testify or visit one of your own offices... right?

PLEASE SUPPORT SB0772 as this is a complete and total NONPARTISAN issue. With lack of trust in the election process at record highs nationwide (documented below) and **8 out of 10 American citizens are requesting that a government issued ID be mandatory** for voting. This bill is needed for transparency and to possibly regain confidence in the election process. How many of us are asking, Does my vote count? I am sure many of you are wondering too.

“Americans (79%) are on board with requiring photo identification to vote.” Gallup 2022 poll (link below)

“The poll determined that 80 percent of those polled support requiring photo identification when voting, while only 18 percent are opposed.” Mammoth 2021 poll

“88 percent of Americans support laws mandating voters show a form of ID in order to cast their ballot, including the vast majority of black (82 percent) and Hispanic voters (83 percent). Only 9 percent of those polled opposed ID requirements.” Honest Elections Project (HEP) 2023

Populous polling results summary made easy:

2021 80%

2022 79%

2023 82%

2024 no doubt even higher lack of confidence in our voting/election process.
