

**UNFAVORABLE** on HOUSE BILL 961  
Health and Government Operations

Delegates Taveras, Acevero, Bhandari, Boafu, Charkoudian, Hill, Ivey, Lehman, J. Long, Mireku-North, Ruff, and Wilkins

Dear Senators of E, E & E,

The tone-deafness of the sponsors of this bill combined with the utter selfishness and pandering to peoples from the sponsors' own 3<sup>rd</sup> -world countries seen in HB0961 is astounding and rapacious.

**DESTROYED ECONOMY & PROSPECTS**

The sponsors and proponents of this bill from HGO and the wider body across the avenue aim for festering a locust-like attack on the land. The House GOP made it clear that this bill is unwanted. Their amendments, both declined by their tone-deaf colleagues, aims to guide these new hordes to the limited resources of Maryland's foodstuffs, benefits and opportunity.

LEGAL Marylanders are struggling. The Maryland budget is wildly malapportioned in a time of need for lawful Maryland residents. What economy and job opportunities are House Dems looking at?! Do you see how **LAWFUL** American **CITIZENS** are struggling?!? Maryland residents (which include legal immigrants from Africa, China and other countries) have, in recent years, told hearing room after hearing room in both Legislative Chambers that there are processes for living in America and Maryland. There are legal processes for obtaining the benefits which White Americans pay into that illegals have not paid a (net) dime into.

There are millions of struggling Marylanders who have played by the rules, planned, scrimped, struggled... who have DIY'd their own homes, car repairs, clothes, and lives. They did this amid the ever-increasing, invading hordes of illegals wrecking our job opportunities, economies and futures. The sponsor, an insolent Delegate Taveras (recently seen attempting to posture against House Judiciary Chair in his hearing room), and other foreign-lander delegates have brought UN-American bills – like this one - aiming to defecate on the generosity of everkind Marylanders'. This exemplifies a hatred of the people born here to two American citizen parents.

**ELON MUSK SEES WHAT YOU DON'T**

<https://twitter.com/elonmusk/status/1764351279113867582> Elon Musk thought this tweet was worthwhile to watch as Denver is allocating in their budget hundreds of millions of dollars to ravenous, invading freeloaders without even calculating how such bills will deplete their entire municipal budget. The mayors of gigantic New York City and Chicago have testified to the same municipal shortfalls due to violent and rapacious invaders. A spirit of supporting an endless stream of freeloaders unleashed upon society by the Biden Administration's 12 million+ UN-Americans is a malignant pox on working and retired Americans suffering economic depression through state giveaways, the purposeful depletion of oil reserves, destruction of

infrastructure & supply chain, and the promotion of fentanyl and drugs coming from the Southern Border.

### **ANTI-WHITE, ANTI-AMERICAN BILL LANGUAGE**

Giving to people who haven't invested anything more than an interest in leaching off of Americans and Marylanders, not even so much as an effort to engage our naturalization process--- THAT is what this bill promotes::

**“NEW AMERICAN MEANS AN INDIVIDUAL WHO IS A RESIDENT OF MARYLAND WHOSE COUNTRY OF ORIGIN IS A COUNTRY OTHER THAN THE UNITED STATES; AND WHO IS NOT A CITIZEN OF THE UNITED STATES”**

I am always offput by the various delegates from points outside of America who have no compunction to both::

- (1) Denigrate the system that White America created in Maryland and these United States; while
- (2) AT THE SAME TIME sucking at the teat and steering illegals toward the eventual destruction of both Maryland and America as First-world sovereign states.

### **SOVEREIGNTY EXISTS WHETHER YOU AGREE OR NOT**

Imagine this body's hypocrisy regarding HB0961. Telling Western Maryland lawmakers – like Delegate Jason Buckel – a few years ago that they were unpatriotic, acted wrongfully, and their counties can't secede from a Maryland that aims to impoverish those (largely White) areas of Maryland; which denies them equal access to the largesse of Annapolis and D.C. matching funds; and which ignores their counties' culture, morality, and commonsense endemic to Maryland's more rural, hardworking, lawful and productive farming areas.

Yet the sometimes thieving, always invading, occasionally murderous (the murder of Laken Riley) UN-American illegals arriving in hordes are welcomed by Maryland's Lutheran Relief Services; the thieving USCCB, as evidenced by the Archdiocese's lobbyist arm, Maryland Catholic Conference; CASA de Maryland's shameless operatives promoting illegal immigration; and various jewish entities in Maryland. For them, Delegate Deni Taveras and a handful of others (not originally from America) created **a bill to give away America to non-Americans.**

Senators, I ask you to show these delegates sponsoring HB0961 that they should hang their heads in shame. The nature of what brought HB0961 – illegal and parasitic anti-White, anti-American sentiment - is disgusting. I URGE an unfavorable for this bill and its giveaways from lawful inhabitants of America to those who haven't invested **one thing** in America except a greed to steal and destroy.
