

SB0492 is going to cost the State of Maryland millions, if not billions of dollars in lawsuits. It will be amazing to watch this happen, if this **BAD and DANGEROUS bill** passes.

Keep chipping away at the RIGHTS of the PARENT and putting minors in HARM'S way, this is exactly what this bill does, **puts children, OUR children in harm's way.** You seem to want the Religion of State to own our precious children.

SAY NO to this GOD-awful bill. You could be opening the floodgates of malfeasance the likes that this state has never seen. A good time to be an attorney in America, can you see them lining up?

malfeasance

n. intentionally doing something either legally or morally wrong which one had no right to do. It always involves dishonesty, illegality or knowingly exceeding authority for improper reasons. Malfeasance is distinguished from "misfeasance," which is committing a wrong or error by mistake, negligence or inadvertence, but not by intentional wrongdoing. Example: a city manager putting his indigent cousin on the city payroll at a wage the manager knows is above that allowed and/or letting him file false time cards is malfeasance; putting his able cousin on the payroll which, unknown to him, is a violation of an anti-nepotism statute is misfeasance. This distinction can apply to corporate officers, public officials, trustees and others cloaked with responsibility.
