

To the Maryland Congress: See link
below....

UNAgenda21 plan that takes people off the land. This plan would ultimately move humans into limited, self-sustained population settlement centers, leaving the majority of America's lands off limits from human use. This is by request of the Governor. Environmental communism.
<https://americanstewards.us/the-wildlands-project-returns/>

I am opposed to UNAgenda21 policies.
This will lead to the removal of the freedom
to own our own land.

Vote NO on SB 300

Sincerely,
Stacy Pedersen
