

Support HB 356

Please give this bill a favorable report.

Once after driving on a two-lane (in each direction) River Road in Montgomery county I received an enormous ticket for supposedly not stopping for a school bus. The circumstances were:

- The school bus was stopped in a parking lot next to the OPPOSITE side of the road.
- The traffic was moving in both directions freely as most drivers could not see the stopped bus.
- My car was a random one that the bus camera had captured.
- At the time I had no recognition that a school bus was (un)loading students.

Such circumstances need to be investigated in more detail before punishing drivers for no violation.

Sincerely,
