

HB0347 – Favorable with The Following Amendments

Nelda Fink

MD District 32

The new verbiage regarding the meeting to vote on the candidate to fill a vacancy doesn't consider quorum and should. It would not be appropriate for this vote to only include a small percentage of the members of the central committee.

Paragraph F(1) should include (iii) AND must meet quorum as established in the governing documents of the central committee.

Thank you.

Nelda Fink
