ANNAPOLIS, MARYLAND 21401

Senate Bill 911 – Food, Drugs, and Cosmetics – Gene Structure and Function-Modifying Products –
Labeling

February 26, 2024

Dear Chair Beidle, Vice Chair Klausmeier, and Members of the Committee,

The purpose of the bill is to prohibit the sale a gene structure or function modifying product unless it has been properly labeled in large and visible text as such. It should also include all potential side effects and risks it may have on an individual if it is taken/consumed. The bill will also establish penalties for a violation of this act if it were to pass. I thank you all for your time and ask for a favorable vote.

Sincerely,

A handwritten signature in black ink that reads "Mike McKay".
