The Honorable Senator Pamela Beidle  
Chair, Senate Finance Committee  
3 East, Miller Senate Office Building  
Annapolis, Maryland 21401

**RE: SUPPORT of Senate Bill 427  
(Public Health – Overdose and Infectious Disease Prevention Services Program) - FAVORABLE**

Dear Chair Beidle and Senate Finance Committee Members,

My name is Elizabeth Spradley, I am writing to you to support Senate Bill 427 “Overdose and Infectious Disease Prevention Services Program”. SB427 will allow community based organizations to establish overdose prevention programs to reduce overdose deaths, which continue to occur at alarming levels in Maryland.

I am a nurse and for the last 11 years I provided direct patient care to people who use drugs in Baltimore City. Recently, I have a new job working with syringe service programs and local health departments across Maryland around substance use and harm reduction; my new state-level perspective is illuminating the disparities in services and spaces offered to people who use drugs in each county. Since becoming a nurse, most drug treatment options continue to be too restrictive with limited spaces and unrealistic expectations. We must embrace overdose and infectious disease prevention sites to stop fatal overdoses and the spread of infectious diseases. The strain of conventional approaches is too great on our tenuous healthcare system.

In 2022, we lost 2,587 Marylanders to fatal overdoses. We urge the Maryland General Assembly to authorize overdose and infectious disease prevention services, an intervention proven for over 30 years of research to decrease overdose deaths. The proposed Overdose and Infectious Disease Prevention Services Program mirrors the 200 such programs already established across the world in 14 countries, including two in the United States. In all of the OPS around the world, in which millions of supervised drug use interactions have occurred, **no one has died of a fatal overdose.**

This is an emergency and we urge you to act now. **We ask that the Senate Finance Committee give SB427 a favorable report.**

Please feel free to reach out to me or any of us at MDH’s Center for Harm Reduction Services for any questions or needs you have in regards to this bill or services for people who use drugs, [elizabeth.spradley@maryland.gov](mailto:elizabeth.spradley@maryland.gov).

Thank you for your time,  
Elizabeth Spradley RN BSN
