

Testimony HB993
Ways and Means Committee
Position: Support
March 14, 2024

Joseline A. Pena-Melnyk, Chair and Bonnie Cullison, Vice-Chair and Health and Government Committee, I Strongly urge your support of HB993 Commemorative Weeks - Maryland Climate Education Week

The Maryland Association for Environmental and Outdoor Education is in favor of HB993

HB993 - Commemorative Weeks - Maryland Climate Education Week

The Bill urges participation in certain activities and initiatives and the taking of certain actions.

MD Climate Education Week will provide a mechanism for discussions about climate change, for sharing best practices, and for advocating locally and throughout the state.

The Maryland Association for Environmental and Outdoor Education supports the commemorative week and will help to promote the week and how schools and students respond to the call for action.

Please support HB997, this legislation will provide opportunities for increased visibility of Climate Education and Action in our State.

Laura Johnson Collard
Executive Director
Maryland Association for Environmental and Outdoor Education
