---

The Coordinating Center supports Senate Bill 614 – *Maryland Medical Assistance Program and Health Insurance - Coverage for Prostheses (So Every Body Can Move Act)*. This bill will require Medicaid and private insurance coverage for prostheses.

Our organization provides care coordination through to clients enrolled in Community First Choice and many of Maryland Medicaid’s home and community-based service waivers. Many of our clients face challenges in mobility and activities of daily living. Our goal is to support our clients in living as independently as possibility in their own communities.

Maryland Medicaid provides some coverage of prostheses. This bill would enhance coverage and align Medicaid coverage with the commercial market.
