

House Bill 1233 - UNFAVORABLE
Health and Government Operations Committee

Honorable Chair, Vice Chair, and Members of the Health and Government Operations Committee;

Oh, look, another forced-birth bill. While I usually read the entirety of a bill before writing testimony on it, I didn't bother this time. It's just another attempt to limit the right to full reproductive healthcare. I'm sorry you have to sit through yet another pointless hearing about this nonsense.

I urge an unfavorable report on House Bill 1233, and on any other bill that limits someone's right to make decisions about their own body. Thank you for your consideration.

Sincerely,
Debi Jasen
