

HJ0005 is necessary to pass in a free society, to not pass this bill would damage our God Given 1st Amendment Rights that you are in your position to protect.

I would venture to state this is about keeping an open mind in discussing current political views. We all have different views and as we all know the truth is always somewhere inbetween.

Please protect our First Amendment right to Freedom of Speech, even if it is uncomfortable for some.

Please support this important bill.
