

I urge the Maryland Senate to pass HJ3, a resolution urging the federal government to endorse the Treaty on the Prohibition of Nuclear Weapons and to enact the five policy points of the Back from the Brink (BFTB) campaign:

- Negotiating nuclear disarmament with the other 8 nuclear nations.
- Renouncing the option of using nuclear weapons first.
- Ending presidential sole authority to initiate a nuclear launch
- Taking nuclear weapons off of hair trigger alert.
- Ending the expensive, destabilizing plans to modernize our nuclear weapons arsenal.
nuclear weapons.

I urge our U.S. representatives to cosponsor H.Res.77: which supports TPNW and BFTB.
