Washington, DC 20002

Testimony of Ramya Swami, Manager, State Policy, Brady  
**Support for SB 752 [FAV]**  
Before the Maryland Senate Judicial Proceedings Committee  
February 27, 2024

Chair Smith, Vice Chair Waldstreicher and distinguished members of the Maryland Senate Judicial Proceedings Committee,

Founded in 1974, Brady works across Congress, courts, and communities, uniting gun owners and non-gun owners alike to end America’s gun violence epidemic. Our organization today carries the name of Jim Brady, who was shot and severely injured in the assassination attempt on President Ronald Reagan. Jim and his wife, Sarah, led the fight to pass federal legislation requiring background checks for gun sales. Brady continues to uphold Jim and Sarah’s legacy by uniting Americans across the country in the fight to prevent gun violence. There are evidence-based policy solutions that we know will help to prevent gun violence in Maryland.

The bill before you today, SB 752, will save lives by allowing proactive individuals in fear of harming themselves to voluntarily add themselves to a list of people who are prohibited from purchasing firearms. **For this reason, Brady strongly urges a favorable report from the Senate Judicial Proceedings Committee on SB 752.**

With SB 752, Maryland would follow the State of Washington’s lead in introducing a voluntary waiver as a suicide prevention tool. Each year, 265 people in Maryland die by firearm suicide.<sup>1</sup> Firearms are the most lethal method used in suicide deaths, with a fatality rate of approximately 90 percent.<sup>2</sup> Frequently, the decision to harm oneself is oftentimes made abruptly: A quarter of individuals who attempt suicide make the attempt within 5 minutes of deciding to end their lives.<sup>3</sup> This means that putting barriers in place to prevent easy access to lethal means can delay a suicide attempt in the event of a crisis, giving someone

who is struggling more time to seek help. In fact, 46% of people at high risk of suicide at the University of Alabama Medical Center indicated they would voluntarily enroll themselves onto a firearm purchase delay list.<sup>4</sup> This bill provides avenues for individuals who may be struggling with suicidal ideation to take action to keep themselves safe from firearms and will help prevent suicides in the State of Maryland.

**Simply stated, this bill will save lives. Brady thanks the bill sponsor for their sponsorship of this bill and strongly encourages the Senate Judicial Proceedings Committee to vote in favor of SB 752.**

Sincerely,  
Ramya Swami
