

**SB0100 is a very good and healthy bill that Maryland needs right now** in a time of chaos. Maryland needs LAW and ORDER. People need to know they can't get away with crime sprees of thievery. Do you know that people travel throughout Maryland just to steal? Annapolis Mall is a criminal destination spot. These criminals use social media to plan acts of thievery at this location and others no doubt. I have been in various Anne Arundel Co and Baltimore retail shopping areas for the last decade plus watching people (thugs) come in and grab racks of clothing, shopping carts of retail items and fill bags of Luxury perfumes into Santa sacks and run out of the stores WITHOUT ANY CONSEQUENCE. This is a sport or hobby for highly undesirable individuals in Maryland. YOU have the ability to STOP this. IN STOPPING this by passing SB0100 you can make Maryland safer.

THERE SHOULD BE CONSEQUENCES for theft and thieves.

PLEASE PASS THIS bill that could only begin to help **restore order and crime prevention** in Maryland. **Please help these small business owners** and retail chains to stay in Maryland. Have you seen all of the businesses in our State of Maryland closing or leaving for safer states, if you haven't they please know it is happening on a daily basis. Maryland is collapsing right before our eyes.

Please PASS SB0100,
