To Whom It May Concern:

I am writing to express my concern about the proposed House Bill 0162. This bill would have several negative consequences for my business and my tenant's jet ski business. I urge you to provide a more detailed explanation of businesses which will be included in the bill.

First, the bill would affect many businesses in the Ocean City community. This would be a significant hardship for many people in our community, and it would make it more difficult for business owners who have marine rentals.

Secondly, the bill needs to clearly specify what types of businesses will qualify. While I was watching the bill hearing online, one would assume that this bill is for trampoline parks and gyms.

Finally, as the owner of a marina who has been in business for over 50 years, I am proud to state that we have a perfect loss schedule. We rent small boats, stand up paddleboards and kayaks. We take pride in our maintenance of our fleet. Our employees are trained to educate and to maintain our equipment to the best condition.

Thank you for your time and consideration. Please call me on my personal phone (443-497-0986) if you wish to discuss it further.

Sincerely,

Shawn Harman

Owner of Bahia Marina
Owner of Fish Tales Bar and Grill
