## **Randallstown NAACP supports HB0115-Criminal Procedure - Victims' Rights - Notification of Release From Confinement (Jaycee Webster Victims' Rights Act)**

Maryland has too many off ramps in which defendants can reduce their sentence. Victims have no chance to figure out how much time offenders really serve.

HB 0115 ensures the state's attorney is the lead agency to notify the victim of a release. **The Randallstown NAACP requests a favorable vote on HB 0115.**
