

I am Amada Bass, a resident of Harmony Hill Apartments in Aspen Hill, Maryland. I have seen firsthand from my window the devastating effects of drug abuse in our community, especially among our vulnerable senior citizens. Every day, we are surrounded by the sale and distribution of dangerous drugs like heroine and Fentanyl. It is time for us to take a stand and demand stronger prosecution to protect our neighborhoods and our loved ones.

State Bill SB 1075 is a crucial step towards addressing this epidemic. By strengthening criminal prosecution against those who profit from these harmful substances, we can make our streets safer and our communities healthier. I urge our lawmakers to support this bill and send a clear message that drug dealers will not be tolerated in our state. Thank you for standing with us in this fight for a better future.
