I am State Director of The DC Project-Women for Gun Rights and the State Leader of the Armed Women of America. I stand in solidarity with the Ladies of both groups, numbering many more than just myself. I am also a professional Multi-disciplined Firearms Instructor and Maryland QHIC.

Thank you Delegate Hinbaugh for proposing there be a written/electronic copy of this type of handbook. I believe having an electronic version that would be kept up to date is the most cost effective way to do that.

As an instructor – I track all the changes multiple times a year and have to update the curriculum I teach so my students can stay current with the laws. If there was an actual drafted copy to point them to after they leave that would keep them up to date even after the class that would be awesome.

I request a favorable report on this bill
