

TESTIMONY FOR HB0073 Expungement - Completion of Sentence

Bill Sponsor: Delegate Bartlett

Committee: Judiciary

Organization Submitting: Maryland Legislative Coalition

Person Submitting: Aileen Alex, co-chair

Position: FAVORABLE

I am submitting this testimony in favor of HB0073 on behalf of the Maryland Legislative Coalition. The Maryland Legislative Coalition is an association of activists - individuals and grassroots groups in every district in the state. We are unpaid citizen lobbyists, and our Coalition supports well over 30,000 members.

HB0073 would generally shorten waiting periods to file for expungement. After completion of a sentence, a returning citizen would no longer have to finish probation and parole requirements before applying for expungement.

For the convicted individual, expungement offers better chances for housing, education, and employment. This, in turn, reduces the impact on families and children who stand to benefit from a more successful reentry of the former offender. So, the shorter the waiting period for expungement, the better!

For the state, HB0073 reduces the prolonged impact of discrimination in our criminal justice system that results in multiple and harsher sentences that appear to be race related. In addition, a successful reentry aids in keeping an individual from becoming a repeat offender. Thus, a more successful reentry could mean avoided costs associated with re-incarceration and the support families would need who were financially dependent on this individual.

The Maryland Legislative Coalition continues to advocate for this and similar bills that increase chances for a successful reentry for former offenders and bills that chip away at the injustice in our criminal system.

We support this bill and recommend a **FAVORABLE** report in committee.
