

Honorable Senators

Please vote for SB0373.

Several of my friends have been victims of identity theft via mail theft (check-washing). Mail theft is significantly on the rise.

Although this bill may improve the problem if increasing the penalties acts as a deterrent. However will the bill actually make the mail more secure (prevent theft)?

There's an election coming up. Will the mail-in ballots be secure?

Perhaps you can add some amendments that will increase the security of mail-in ballots. With both parties urging their members to vote by mail, the volume is bound to increase.

Please vote for SB0373.
