

Unitarian Universalist Legislative Ministry of Maryland

Testimony in Support of - SB 752 Regulated Firearms - Maryland Voluntary Do Not Sell Firearm Process

TO: Senator William Smith, Chair and
Members of the Judicial Proceedings Committee
FROM: Ken Shilling, Gun Violence Prevention Lead Advocate
Unitarian Universalist Legislative Ministry of Maryland
DATE: February 28, 2024

We, Unitarian Universalists, hold the life of each person to be sacred and therefore we feel the loss of each one due to gun violence. Our society has a collective responsibility for protecting all lives. Gun violence affects all of us, as the effects of one event ripples out into the community. When firearms are the cause of suffering, we should take steps to prevent this harm, where possible.

Individuals should have the right to register on a voluntary “do not sell registry.” People know when they should not have access to firearms. They know when they could be a danger to themselves, or to others.

Access to firearms is a major contributor to suicides. Preventing access to guns will decrease suicides by guns and save lives.

The measure before you today is another tool to protect all of us from gun violence. We ask you to stand on the side of love and justice. We urge you to vote for this bill, SB 752 and others that strengthen Maryland’s gun violence prevention laws.

We urge a favorable report,

Ken Shilling
