

I, Chynnah McFadden, am a Maryland resident, and I urge you to oppose HB 763, which aims to remove CAIR, a trusted advocate for Maryland's Muslim community, from the state's Commission on Hate Crime Response and Prevention. CAIR has a proven track record of condemning hate crimes and advocating for civil rights. Their inclusion is crucial, especially as hate crimes against Muslims, Palestinians, and Arab Americans rise.

I respectfully urge you to help preserve public trust in the work of the state's Hate Crimes Commission by maintaining the Maryland office director of CAIR as the commission's representative for the state's Muslim community by opposing House Bill 763.

Sincerely,

*Chynnah McFadden*
