

BRANDON M. SCOTT
MAYOR

*Office of Government Relations
88 State Circle
Annapolis, Maryland 21401*

HB0146

February 1, 2024

TO: Members of the House Health and Government Operations Committee

FROM: Nina Themelis, Director of Mayor's Office of Government Relations

RE: House Bill 146 - Health Occupations Boards – Reciprocal Licensure and Certification

POSITION: FAVORABLE

Chair Peña-Melynk, Vice Chair Cullison, and Members of the Committee, please be advised that the Baltimore City Administration (BCA) **supports** House Bill (HB) 146.

HB 146 authorizes certain health occupations boards to adopt regulations establishing reciprocity for individuals licensed or certified in another state or jurisdiction. Adopting such license reciprocity would decrease barriers to practicing health care in Maryland, increase the number of providers in the state, and expand access to healthcare for Maryland residents.ⁱ

During the COVID-19 pandemic, many states implemented reciprocal license policies, allowing doctors and other health care providers to practice across state lines. This resulted in expanded access to care during the public health emergency.ⁱⁱ We must continue to do what we can to expand access to care, as Maryland continues to face an ongoing shortage of health care workers; as of 2022, one in four hospital nursing positions was vacant.ⁱⁱⁱ Allowing certain health occupations boards to establish reciprocal licenses could potentially ease healthcare workforce shortages, making it easier for Marylanders to get the care they need.

For these reasons, the BCA respectfully request a **favorable** report on HB 146.
