Re: Support (FAV) for HB 32 Caregiver Tax Credit

Dear Chairperson, Atterbeary,

I am writing this letter in support of House Bill 32, Caregiver Tax Credit. I am a member of Alpha Kappa Alpha Sorority, Incorporated. Founded in 1908, Alpha Kappa Alpha Sorority is the oldest Black Greek letter organization for women. There are over 300,000 members worldwide and thousands in the State of Maryland. One of the Sorority's national initiatives is to support caregivers and the passage of House Bill 32 will help to reach that goal in the State of Maryland.

There are states across the country that have passed a Caregiver Tax Credit to provide caregivers with monetary relief. Due to the expenses incurred by caregivers, this tax credit will help them financially. Caregivers must buy small incidentals and take time away from work to care for their loved ones. There is an aging population, and this tax credit will defray the taxes caregivers have to pay.

In closing, I ask that you strongly consider a favorable vote for House Bill 32. At least 9 states have already passed a caregiver tax credit in the United States. This tax credit will be an incentive for people who must care for their parents or loved ones and provide them with some financial relief. Thank you for your time and attention to this especially important matter.

Sincerely,

Jo Bonney, Member, Alpha Kappa Alpha Sorority, Incorporated®
Iota Gamma Omega Chapter- Prince George's County

Due to the expenses incurred by caregivers, this tax credit will help them financially. Caregivers must buy small incidentals and take time away from work to care for their loved ones. There is an aging population, and this tax credit will defray the taxes caregivers have to pay.

In closing, I ask that you strongly consider a favorable vote for House Bill 32. At least 9 states have already passed a caregiver tax credit in the United States. This tax credit will be an incentive for people who must care for their parents or loved ones and provide them with some financial relief. Thank you for your time and attention to this especially important matter.

Sincerely,

Deborah Rountree, Member, Alpha Kappa Alpha Sorority, Incorporated®

Re: Support (FAV) for HB 32 Caregiver Tax Credit

Dear Chairperson, Atterbeary,

I am writing this letter in support of House Bill 32, Caregiver Tax Credit. I am a member of Alpha Kappa Alpha Sorority, Incorporated. Founded in 1908, Alpha Kappa Alpha Sorority is the oldest Black Greek letter organization for women. There are over 300,000 members worldwide and thousands in the State of Maryland. One of the Sorority's national initiatives is to support caregivers and the passage of House Bill 32 will help to reach that goal in the State of Maryland.

There are states across the country that have passed a Caregiver Tax Credit to provide caregivers with monetary relief. Due to the expenses incurred by caregivers, this tax credit will help them financially. Caregivers must buy small incidentals and take time away from work to care for their loved ones. There is an aging population, and this tax credit will defray the taxes caregivers have to pay.

In closing, I ask that you strongly consider a favorable vote for House Bill 32. At least 9 states have already passed a caregiver tax credit in the United States. This tax credit will be an incentive for people who must care for their parents or loved ones and provide them with some financial relief. Re: Support (FAV) for HB 32 Caregiver Tax Credit

Dear Chairperson, Atterbeary,

I am writing this letter in support of House Bill 32, Caregiver Tax Credit. I am a member of Alpha Kappa Alpha Sorority, Incorporated. Founded in 1908, Alpha Kappa Alpha Sorority is the oldest Black Greek letter organization for women. There are over 300,000 members worldwide and thousands in the State of Maryland. One of the Sorority's national initiatives is to support caregivers and the passage of House Bill 32 will help to reach that goal in the State of Maryland.

There are states across the country that have passed a Caregiver Tax Credit to provide caregivers with monetary relief. Due to the expenses incurred by caregivers, this tax credit will help them financially. Caregivers must buy small incidentals and take time away from work to care for their loved ones. There is an aging population, and this tax credit will defray the taxes caregivers have to pay.

In closing, I ask that you strongly consider a favorable vote for House Bill 32. At least 9 states have already passed a caregiver tax credit in the United States. This tax credit will be an incentive for people who must care for their parents or loved ones and provide them with some financial relief. Thank you for your time and attention to this especially important matter.

Sincerely,

Delora Kennebrew, Member, Alpha Kappa Alpha Sorority, Incorporated®
Iota Gamma Omega Chapter- Prince George's County

Re: Support (FAV) for HB 32 Caregiver Tax Credit

Dear Chairperson, Atterbeary,

Breast Cancer Health awareness is vitally important. There is value in early detection and awareness of resources. This legislation will expand opportunities for more individuals to participate in screening, particularly if they are in a high-risk category.

Additional resources to help bring more awareness can be used for early detection and prevention. Therefore, support for additional funding targeting public awareness and education can encourage eligible individuals to participate in state-supported programs and services resulting from the legislation. In closing, I urge you to take action and support HB 965 for breast cancer awareness.

Sincerely,

Mara Doss, Member, Alpha Kappa Alpha Sorority, Incorporated®

Re: Support (FAV) for HB 32 Caregiver Tax Credit

Dear Chairperson, Atterbeary,

I am writing this letter in support of House Bill 32, Caregiver Tax Credit. I am a member of Alpha Kappa Alpha Sorority, Incorporated. Founded in 1908, Alpha Kappa Alpha Sorority is the oldest Black Greek letter organization for women. There are over 300,000 members worldwide and thousands in the State of Maryland. One of the Sorority's national initiatives is to support caregivers and the passage of House Bill 32 will help to reach that goal in the State of Maryland.

There are states across the country that have passed a Caregiver Tax Credit to provide caregivers with monetary relief. Due to the expenses incurred by caregivers, this tax credit will help them financially. Caregivers must buy small incidentals and take time away from work to care for their loved ones. There is an aging population, and this tax credit will defray the taxes caregivers have to pay.

In closing, I ask that you strongly consider a favorable vote for House Bill 32. At least 9 states have already passed a caregiver tax credit in the United States. This tax credit will be an incentive for people who must care for their parents or loved ones and provide them with some financial relief. Thank you for your time and attention to this especially important matter.

Sincerely,

Veronica Bradford, Member, Alpha Kappa Alpha Sorority, Incorporated®
Iota Gamma Omega Chapter- Prince George's County
