

SB0115

OPPOSE

Election Law – Recounts – Procedures

Dear Committee Members:

Please do not change recount procedures at this time. What is the emergency? This process needs to stay manual and not be automated! Voter-verifiable holds no meaning when the voters are moved, duplicated or dead. Voter rolls need to be cleaned up before any further changes are made. Otherwise there will be further eroding of trust in our elections. Please oppose this bill!
