

TESTIMONY IN SUPPORT OF HB0207

Higher Education – Undocumented Students – Dream Act tax requirement change

Exemption Eligibility

Committee: Education, Energy and the Environment

Date: January 17, 2025

Position: Support

Good afternoon,

My name is Dylan Alyea and I am a Project Manager at Smithouse Design build and a concerted citizen.

I strongly support House Bill HB0207 Higher Education- Undocumented Students- Dream Act tax requirements change from 2 to 1 years.

I work in the construction industry with undocumented people and see how hard working they are and how they want to contribute to our society like any other person. I believe that undocumented students should have the right to attend college without their parents being forced to provide what I feel is an excessively long record of paying taxes. Please vote **FAVORABLY** on the house bill HB020.

Thank you,

Dylan Alyea
