**Testimony in Support of House Bill 1033  
State Retirement and Pension System - Reemployment Earnings Limitations –  
Maximum Average Final Compensation  
House Appropriations Committee  
March 11, 2025  
1:00 P.M.**

**Anne Gawthrop  
Director of Legislative Affairs  
State Retirement Agency**

The Board of Trustees for the State Retirement and Pension System wishes to express its support for House Bill 1033, State Retirement and Pension System - Reemployment Earnings Limitations - Maximum Average Final Compensation. House Bill 1033 is legislation sponsored by the Joint Committee on Pensions at the request of the Board.

Current provisions of the State Personnel and Pensions Article exempt Employees' Pension System (EPS), Teachers' Pension System (TPS), and Correctional Officers' Retirement System (CORS) service retirees and all ordinary disability retirees from a reemployment earnings limitation if the retirees had an average final compensation (AFC) at the time of retirement that was less than \$25,000. This AFC reemployment exemption was increased in 2010 from \$10,000 for EPS, TPS, and CORS service retirees and was added for the first time for ordinary disability retirees in 2016. An accidental or special disability retiree does not have the benefit of this AFC reemployment exemption. Although retirees receiving accidental or special disability benefits are not subject to an earnings limit, a reemployed accidental or special disability retiree whose reemployed annual gross salary exceeds their AFC at the time of retirement, will have their disability retirement benefit temporarily suspended while they continue to earn a gross salary greater than their AFC.

To illustrate how this lack of an AFC reemployment exemption impacts accidental and special disability retirees, an accidental disability retiree who at the time of retirement had an AFC of \$21,400 and is reemployed in a position earning a gross salary of \$21,500, will have their entire disability benefit temporarily suspended while reemployed in this new position. In this example, both the retiree's AFC and reemployed gross salary are less than \$25,000, yet this retiree does not have the same AFC reemployment exemption that is available to all other retirees of the several systems.

House Bill 1033 will add a similar AFC reemployment exemption for the temporary suspension of a retirement allowance, applicable to all disability retirees. Additionally, House Bill 1033 will increase the AFC reemployment exemption for both service and disability retirees from \$25,000 to the current minimum annual salary on the standard State pay scale, for all retirees of the System. At this time, the current minimum annual salary on the standard State pay scale is \$35,000.

Douglas Prouty

Brooke Lierman, *Vice-Chair*  
Michelle RhodesBrown  
Tarrus Richardson  
Robert F. Sandlass, Jr.

Martin Noven, *Secretary to the Board*

The Agency reports that in the past five years, within each group (service, ordinary disability, and accidental or special disability) fewer than 10 retirees per year would have been exempt from the earnings limitation or the temporary suspension if the AFC reemployment exemption had been \$35,000 or less.

We appreciate being given this opportunity to express our support to the Appropriations Committee for this legislation and would request a favorable report on House Bill 1033.
