RE: HB-1210 - Workers' Compensation - Evaluation of Permanent Impairments - Licensed Certified Social Worker-Clinical

POSITION: FAVORABLE-STRONGLY SUPPORT

Dear Delegate Wilson and Members of the Committee:

Disclaimer: The opinions concerning HB-1210 are my own and do not in any way, shape, form, or matter represent those of any other person, individual (LLC, S-Corp., etc.), Governmental agency, for or not for Profit Corporation, or Organization.

I reviewed the requirements for Workers Compensation-Evaluation of Permanent Impairments. I am registered with the WCC number (G0235) as a Vocational Rehabilitation Practitioner. The Licensed Certified Social Worker-Clinical licensee is authorized to independently evaluate, diagnose, treat mental and emotional disorders, conditions and impairments (HO 19-101, n, (5) (ii) referencing HG-Sec. 7.5-101 (1) (2) and testify as an expert witness (See AG Advice of Counsel(s) dated 01/30/2004, and 01/25/2024 There is a severe need for qualified mental health practitioners to fully serve the injured worker who are experienced, and qualified in the evaluation, diagnosis, treatment including the determination of permanent impairment. The LCSW-C also collaborates with other health care providers, agencies, and resources to support decisions

In years past, up until the mid 2000's, I treated and evaluated persons' persons injured in the course of their employment for both defense and claimants attorneys. There was one case, I did the evaluation of permanent impairment; the claimant's attorney raised the issue of my authority to do so. Because, Licensed Certified Social Worker-Clinical (LCSW-C) was not included under Sec. 9-721 even though, defense counsel (Semmes, Bowen and Semmes) and the Commissioner found me qualified by experience and training. I can submit my evaluative findings to the Commission, but my conclusions as to rating of permanent impairment cannot be admitted for consideration at the Hearing or on Appeal as to Permanent Impairment.

I was encouraged to seek legislation to amend Sec. 9-721. I have worked with legislators to do so.

I support Sec. 9-721 (c) be amended to include the Licensed Certified Social Worker-Clinical. The Attorney General Advice of Counsel(s) affirms the LCSW-C may testify as an Expert Witness.

The Labor and Employment Article, Title 14, Independent Agencies, Subtitle 09, Workers Compensation Commission, Chapter 08 Guide to Medical and Surgical Fees, recognizes the Scope of Practice of the LCSW-C., This includes the evaluation, diagnosis, and treatment which, includes determinations of the severity of

impairment, if a handicap exists related to the impairment, further treatment and coordination with other sources, and recommendations for reasonable accommodations under EEOC.

Section 9-721 of the L&E Article was enacted many years ago to protect the public but this was before the LCSW-C license was enacted. A Physician (Psychiatrist) or Psychologist, without any training, experience in impairment determinations of Workers Compensation is automatically accepted to testify on Permanent Impairment. While the qualified LCSW-C is arbitrarily disallowed to engage is this function which is within their Scope of Practice. Is this a restraint of trade.

In support of this amendment I submit the following documentation:

Sincerely,

Arthur Flax, LCSW-C, DCSW, WCC (G-0235) DCSW.

EXHIBIT 2- Social Work Title 19-101.pdf Uploaded by: arthur flax

HEALTH OCCUPATIONS TITLE 19. SOCIAL WORKERS

SUBTITLE 1 DEFINITIONS; GENERAL PROVISIONS

§ 19-101. Definitions

- (a) In this title the following words have the meanings indicated.
 - (b) "Board" means the State Board of Social Work Examiners.
- (c) "Certified" means having demonstrated to the satisfaction of the Board that the individual has completed 2 years of supervised social work practice as defined in § 19–302(d) or (e) of this title.
- (d) "Independent practice" means to practice bachelor social work or master social work without the requirement of supervision by another social worker.
- (e) "License" means, unless the context requires otherwise, one of four categories of licenses issued by the Board authorizing an individual to practice:
 - (1) Bachelor social work;
 - (2) Master social work;
 - (3) Certified social work; or
 - (4) Certified social work-clinical.
- (f) "Licensed bachelor social worker" means an individual licensed by the Board to practice bachelor social work.
- (g) "Licensed certified social worker" means an individual licensed by the Board, on or before December 31, 2023, to practice certified social work.
- (h) "Licensed certified social worker-clinical" means an individual licensed by the Board to practice clinical social work.
- (i) "Licensed master social worker" means an individual licensed by the Board to practice master social work.
- (j) "Practice bachelor social work" means to use the education and training required under § 19–302(b) of this title to:
- (1) Practice social work under the supervision of a licensed certified social worker, licensed certified social worker–clinical, licensed master social worker, or licensed bachelor social worker who meets the conditions specified in regulations; or
- (2) If approved by the Board in accordance with § 19–302(f) of this title, engage in independent practice.

- (k) "Practice certified social work" means to use the education, training, and experience required under § 19–302(d) of this title to practice social work.
- (I) "Practice clinical social work" means to use the specialized education, training, and experience required under § 19–302(e) of this title to practice social work.
- (m) "Practice master social work" means to use the education and training required under \S 19–302(c) of this title to:
- (1) Practice social work under the supervision of a licensed certified social worker, licensed certified social worker—clinical, or licensed master social worker who meets the conditions specified in regulations; or
- (2) If approved by the Board in accordance with § 19–302(f) of this title, engage in independent practice.
- (n) (1) "Practice social work" means to apply the theories, knowledge, procedures, methods, and ethics derived from receiving a baccalaureate or master's degree from a program in social work that is accredited by or a candidate for accreditation by the Council on Social Work Education, or an equivalent organization approved by the Council on Social Work Education, to restore or enhance social functioning of individuals, couples, families, groups, organizations, or communities through:
 - (i) Assessment:
 - (ii) Planning;
 - (iii) Intervention;
 - (iv) Evaluation of intervention plans;

- (v) Case management;
- (vi) Information and referral;
- (vii) Counseling that does not include diagnosis or treatment of behavioral health disorders;
 - (viii) Advocacy;
 - (ix) Consultation;
 - (x) Education;
 - (xi) Research;
 - (xii) Community organization;
- (xiii) Development, implementation, and administration of policies, programs, and activities; or

- (xiv) Supervision of other social workers as set forth in regulations.
- (2) "Practice social work" includes:
 - (i) Counseling for alcohol and drug use and addictive behavior; and
 - (ii) Using technology as set forth in regulations.
- (3) For an individual licensed as a master social worker, "practice social work" also includes:
- (i) Supervision of other social workers if the master social worker meets the requirements set out in regulations;
- (ii) Formulating a diagnosis, under the supervision of a licensed certified social worker–clinical;
- (iii) Treatment of biopsychosocial conditions, under the supervision of a licensed certified social worker–clinical; and
- (iv) Treatment of behavioral health disorders, including substance use disorders, addictive disorders, and mental disorders, and the provision of psychotherapy under the supervision of a licensed certified social worker–clinical.
- (4) For an individual licensed as a certified social worker, "practice social work" also includes:
 - (i) Supervision of other social workers;
- (ii) Formulating a diagnosis, under the supervision of a licensed certified social worker-clinical;
- (iii) Treatment of biopsychosocial conditions, under the supervision of a licensed certified social worker–clinical; and
- (iv) Treatment of behavioral health disorders, including substance use disorders, addictive disorders, and mental disorders, and the provision of psychotherapy under the supervision of a licensed certified social worker–clinical.
- (5) For an individual licensed as a certified social worker–clinical, "practice social work" also includes:
 - (i) Supervision of other social workers;
- (ii) Evaluation, diagnosis, and treatment of biopsychosocial conditions, mental and emotional conditions and impairments, and behavioral health disorders, including substance use disorders, addictive disorders, and mental disorders, as defined in § 7.5–101 of the Health General Article;
 - (iii) Petitioning for emergency evaluation under Title 10, Subtitle 6 of the Health -

General Article; and

- (iv) The provision of psychotherapy.
- (o) "Private practice" means the provision of psychotherapy by a licensed certified social worker–clinical who assumes responsibility and accountability for the nature and quality of the services provided to a client:
 - (1) In exchange for direct payment or third-party reimbursement; or
 - (2) On a pro bono basis as determined in regulations adopted by the Board.
- (p) "Psychotherapy" means the assessment and treatment of mental disorders and behavioral health disorders.
- (q) "Reactivation" means the process of obtaining a license less than 5 years after the Board placed an individual on inactive status.
- (r) "Reinstatement" means the process of obtaining a license less than 5 years after the Board placed an individual on nonrenewed status.
- (s) "Reissuance" means the process of obtaining a license more than 5 years after the Board placed an individual on inactive or nonrenewed status.
- (t) "Supervision" means a formalized professional relationship between a supervisor and a supervisee that:
 - (1) Provides evaluation and direction of the supervisee; and
- (2) Promotes continued development of the supervisee's knowledge, skills, and abilities to provide social work services in an ethical and competent manner.

§ 19-102. Legislative policy

- (a) The General Assembly finds that the profession of social work profoundly affects the lives, health, safety, and welfare of the people of this State.
 - (b) The purpose of this title is to protect the public by:
- (1) Setting minimum qualification, education, training, and experience standards for the licensing of individuals to practice social work; and
 - (2) Promoting and maintaining high professional standards for the practice of social work.

§ 19-103. Scope of title

This title does not limit the right of an individual to practice a health occupation that the individual is authorized to practice under this article.

THE ATTORNEY GENERAL OF MARYLAND OFFICE OF COUNSEL TO THE GENERAL ASSEMBLY

January 30, 2004

The Honorable Samuel I. Rosenberg 415 Lowe House Office Building Annapolis, Maryland 21401-1991

Dear Delegate Rosenberg:

You have asked for advice concerning the views of this office as to whether a licensed clinical social worker may testify on ultimate issues such as sanity, competence to stand trial, and matters within the scope of practice of a licensed clinical social worker.¹ It is my view that a licensed clinical social worker may provide diagnostic testimony with respect to mental disorders and psychosocial conditions. This would generally mean that they may testify on issues of sanity and competence to stand trial and in other situations where a person's mental condition is at issue.

As you are aware, I wrote a letter in 1994 that concluded that a licensed clinical social worker was not qualified to testify on ultimate issues of fact such as criminal responsibility and competence to stand trial. Letter to the Honorable Virginia M. Thomas from Kathryn M. Rowe dated June 6, 1994. Since that time, the Court of Appeals has addressed this issue and has taken a different position. As a result, it is now my view that a licensed clinical social worker may be permitted to testify on ultimate issues such as sanity and competence to stand trial.

In In re Adoption/Guardianship No. CCJ14746, in the Circuit Court for Washington County, 360 Md. 634 (2000), the Court of Appeals addressed the issue of whether the Circuit Court for Washington County had erred in permitting a licensed clinical social worker to testify with respect to a diagnosis of an abused child as suffering from ADHD and borderline intellectual functioning and to the view that the mother's ability to manage and parent the child was impaired because of her own chronic mental illness. The Court relied on the language of Health Occupations Article § 19-101(f), which at that time provided that the practice of clinical social work included "rendering a diagnosis based on a recognized manual of mental and emotional disorders," and also on the advanced educational standards that the law imposed on licensed clinical social workers as opposed to other social workers. Chapter 554 of 2000, which took effect soon after the decision in Adoption No. CCJ14746, eliminated this language and added language which includes in the practice of social work by a licensed clinical social worker the "evaluation, diagnosis, and treatment of psychosocial

¹ I use the term "licensed clinical social worker" to refer to those licensees that the statute officially calls "licensed certified social worker - clinical."

The Honorable Samuel I. Rosenberg January 30, 2004 Page 2

conditions and mental disorders as defined in § 10-101(f) of the Health - General Article" and the provision of psychotherapy. Health Occupations Article § 19-101(m)(4)(ii). This change provides licensed clinical social workers with at least as broad diagnostic authority as the former law, and thus, does not alter the conclusions in *Adoption No. CCJ14746*. *In re Yve S.*, 373 Md 551, 615 (2003).

In conclusion, it is my view that a licensed clinical social worker may be permitted to testify with respect to ultimate issues such as sanity and competence to stand trial.

Sincerely

Kathryn M. Rowe

Assistant Attorney General

STATE OF MARYLAND
OFFICE OF THE ATTORNEY GENERAL
OFFICE OF COUNSEL TO THE GENERAL ASSEMBLY

January 25, 2024

The Honorable Susan K. McComas Maryland House of Delegates 411 Lowe House Office Building Annapolis, Maryland 21401 Via email

Dear Delegate McComas:

You have inquired whether a licensed certified social worker-clinical ("LCSW-C") may be qualified to testify as a witness on ultimate issues regarding matters within the scope of practice for clinical social work. As earlier advised by this office, (see Letter of Advice to the Honorable Samuel I. Rosenberg from Asst. Atty. Gen. Kathryn M. Rowe (Jan. 30, 2004) ("Rosenberg Letter")), a LCSW-C may be qualified to testify on matters within the scope of practice for clinical social work by a LCSW-C.

A LCSW-C is an individual licensed by the State Board of Social Work Examiners to practice clinical social work. Md. Code Ann., Health Occupations Article ("HO"), § 19-101(h). "Practice clinical social work" means to use the specialized education, training, and experience required under HO § 19-302(e) to practice social work. HO § 19-101(l). "Practice social work" is defined under HO § 19-101(n)(1), and specifically for a LCSW-C, the "practice of social work" also includes the: (1) supervision of other social workers; (2) "[e]valuation, diagnosis, and treatment of biopsychosocial conditions, mental and emotional conditions and impairments, and behavioral health disorders, including substance abuse disorders, addictive disorders, and mental disorders, as defined in § 7.5-101 of the Health-General Article;" (3) petitioning for emergency evaluation under Title 10, Subtitle 6 of the Health-General Article; and (4) provision of psychotherapy. HO § 19-101(n)(1) and (5).

Maryland Rule 5-702 addresses the admissibility of expert testimony in State court proceedings. The rule allows a trial court to admit expert testimony "in the form of an opinion or otherwise, if the court determines that the testimony will assist the trier of fact to understand the evidence or to determine a fact in issue." Md. Rule 5-702. In making the determination, the rule requires a court to examine three factors: "(1) whether the witness is qualified as an expert by knowledge, skill, experience, training, or education[;] (2) the appropriateness of the expert testimony on the particular subject[;] and (3) whether a sufficient factual basis exists to support the expert testimony." *Id*.

In In re Adoption/Guardianship No. CCJ14746, in the Circuit Court for Washington County, 360 Md. 634 (2000), the Maryland Supreme Court held that the trial court in that case did not abuse its discretion in finding a licensed clinical social worker qualified as an expert and in admitting his opinion on the respondent's mental disorders. The Court relied on the then-existing statutory definition of the practice of social work under then HO § 19-101(f), which included "rendering a diagnosis based on a recognized manual of mental and emotional disorders[,]" as well as the advanced educational standards required for licensed clinical social workers. Id. at 642-43. Subsequent to the Court's opinion in that case, the General Assembly enacted Chapter 554 of the Acts of 2000, which modified the language of the scope of practice under former HO § 19-101(f), and added the scope of practice language for LCSW-Cs that is similar to the scope of practice language under existing HO § 19-101(n)(1) and (5). As this office has previously advised, "[t]his change provides [LCSW-Cs] with at least as broad diagnostic authority as the former law, and thus, does not alter the conclusions in Adoption No. CCJ14746." Rosenberg Letter at 2. See also In re Yve S., 373 Md. 551, 615 (2003) ("A witness may not testify to the effect of making a diagnosis concerning mental illness unless he or she is a physician qualified to make such a diagnosis or prognosis, or unless they are otherwise authorized by statute to make such diagnosis.").

For these reasons, subject to the discretion of a trial court to determine the admissibility of expert testimony under Maryland Rule 5-702, a LCSW-C may be qualified to testify on matters within the scope of practice for clinical social work by a LCSW-C.

I hope this is responsive to your request. If you have any questions or need any additional information, please feel free to contact me.

Sincerely,

fred of the ?

Jeremy M. McCoy Assistant Attorney General

Title 14 INDEPENDENT AGENCIES

Subtitle 09 WORKERS' COMPENSATION COMMISSION

Chapter 08 Guide of Medical and Surgical Fees (Effective as of February 24, 2020)

Authority: Labor and Employment Article, §§9-309, 9-663, and 9-731, Annotated Code of Maryland

	04	-	~			
- (11)		าเป	10	ns.

A. In this chapter, the following terms have the meanings indicated.
B. Terms Defined.
(1) "Ambulatory surgical center (ASC)" means any center, service, office facility, or other entity that:
(a) Operates primarily for the purpose of providing surgical services to patients requiring a period of postoperative observation but not requiring overnight hospitalization; and
(b) Seeks reimbursement from payers as an ambulatory surgery center.
(2) "Authorized provider" means:
(a) A licensed physician's assistant (P.A.), providing services on or after March 24, 2008;
(b) A licensed acupuncturist;
(c) A medical doctor (M.D.);
(d) A doctor of osteopathy (D.O.);
(e) A doctor of chiropractic (D.C.), for services provided within the scope of Health Occupations Article, Title 3, Annotated Code of Maryland;
(f) Podiatrist (D.P.M.);
(g) An optometrist (O.D.);
(h) A certified registered nurse anesthetist (C.R.N.A.);
(i) An occupational therapist (O.T.);
(j) A pharmacist (R. Ph.);
(k) A licensed physical therapist (P.T.);
(l) A psychologist (Ph.D.);
(m) A licensed clinical social worker (L.C.S.W.);
(n) A licensed audiologist;

- (16) "Resource based relative value scale (RBRVS)" means the system by which medical providers are reimbursed based on the resource costs needed to provide a given service. Under the RBRVS, CMS assigns each medical procedure a relative value quantifying the relative work (work), practice expense (PE), and malpractice costs (MP) for each service.
- (17) "RBRVS relative value unit (RVU)" means the uniform value assigned by CMS to each medical procedure and service identified by CPT/HCPCS code quantifying the work (work), practice expense (PE), and malpractice costs (MP) for each service.
- (18) "Time Unit" means a measure of each 15-minute interval, or fraction thereof, during which anesthesiology services are performed.

.02 Incorporation by Reference.

- A. The "Official Maryland Workers' Compensation Medical Fee Guide" (1995) is incorporated by reference.
- B. Health Services Cost Review Commission. In accordance with Health-General Article, §19-211, Annotated Code of Maryland, in the case of a discrepancy between a rate for a hospital service set by the Health Services Cost Review Commission and that set by the Workers' Compensation Commission, the rate set by the Health Services Cost Review Commission shall prevail.

- (3) The facility MRA shall be calculated by multiplying each RBRVS RVU by each corresponding GPCI, adding those sums, and then multiplying that total by the MSCF as follows: Facility MRA = ((Work RVU \times Work GPCI) + (Transitioned Facility PE RVU \times PE GPCI) + (MP RVU \times MP GPCI)) \times MSCF.
- (4) For anesthesiology services, the MRA shall be calculated by adding the Time Units and Base Units and multiplying that sum by the MSCF: $MRA = (Time\ Units + Base\ Units) \times MSCF$.
 - (5) In calculating the MRA, the following MSCFs apply:
 - (a) For anesthesiology services, the MSCF is \$19.39;
 - (b) For orthopedic and neurological surgical procedures, MSCF is \$53.77; and
 - (c) For all other medical services and treatment, except as otherwise provided, the MSCF is \$40.70.

F. Ambulatory Surgical Centers.

- (1) For medical services and treatment provided at an ASC between September 1, 2004, and January 31, 2006, the MRA is calculated by multiplying the CMS 2004 ASC group payment rate by 109 percent.
- (2) For medical services and treatment provided at an ASC between February 1, 2006, and March 24, 2008, the MRA is calculated by multiplying the 2004 CMS ASC group payment rate by 125 percent.
- (3) For medical services and treatment provided at an ASC on, or after, March 24, 2008, the MRA is calculated by multiplying the current calendar year ASC MRR by 125 percent.
 - G. MSCF Annual Adjustment.
- (1) Beginning January 1, 2009, an adjustment shall be made to the prior year's MSCFs and percentage multiplier (for ASCs).
- (2) The MSCFs for the following year shall be calculated by multiplying the MSCFs in effect on November 1 of the current year by the percentage change in the first quarter MEI of the current year, as published on November 1 of the current year, and adding that amount to the current year's MSCFs.
- (3) The percentage multiplier for the following year shall be calculated by multiplying the percentage multiplier in effect on November 1 of the current year by the percentage change in the first quarter MEI of the current year, as published on November 1 of the current year, and adding that amount to the current year's percentage multiplier.
- (4) The resulting figures shall be utilized as the new MSCF and percentage multiplier for the following year for the purpose of calculating the MRA under §§E and F of this regulation.
 - (5) The Commission shall post the new MSCFs and percentage multiplier on its website by December 1.
 - (6) The resulting new MSCFs and percentage multiplier shall be effective January 1 of the following year.
- (7) The Commission shall review the annual adjustment process every 5 years to assure that reimbursement rates are neither inadequate nor excessive.

.06 Reimbursement Procedures.

- A. To obtain reimbursement under this chapter, an authorized provider shall:
- (1) Complete Form CMS-1500 in accordance with the written instructions posted on the Commission's website; and
- (2) Within the time provided in §H of this regulation, submit to the employer or insurer the completed Form CMS-1500, which shall include:
 - (a) An itemized list of each service;
 - (b) The diagnosis relative to each service;
 - (c) The medical records related to the service being billed;
 - (d) The appropriate CPT/HCPCS code with CPT modifiers, if any, for each service;
 - (e) The date of each service;
 - (f) The specific fee charged for each service;
 - (g) The tax ID number of the provider;
 - (h) The professional license number of the provider; and
 - (i) The National Provider Identifier (NPI) of the provider.

B. Modifiers.

- (1) Modifying circumstances may be identified by use of the relevant CPT modifier in effect when the medical service or treatment was provided.
- (2) The identification of modifying circumstances does not imply or guarantee that a provider will receive reimbursement as billed.
- C. Time for Reimbursement. Reimbursement by the employer or insurer shall be made within 45 days of the date on which the Form CMS-1500 was received by the employer or insurer, unless the claim for treatment or services is denied in full or in part under §G of this regulation.
- D. Untimely Reimbursement. If an employer or insurer does not pay the fee calculated under this chapter or file a notice of denial of reimbursement, within 45 days of receipt of the CMS-1500, the Commission may assess a fine against the employer or its insurer, and award interest to the provider in accordance with Labor and Employment Article, §§9-663 and 9-664, Annotated Code of Maryland, and COMAR 14.09.06.02.

E. Denial of Reimbursement.

- (1) If an employer or insurer denies, in full or in part, a claim for treatment or services, the employer or insurer shall:
 - (a) Notify the provider of the reasons for the denial in writing; and

.07 Medical Records.

- A. Medical records are the basis for determining whether a particular treatment or service is medically necessary and, therefore, reimbursable.
- B. Each health care provider is responsible for creating and maintaining legible medical records documenting the employee's course of treatment.
 - C. Employee medical records shall include the:
 - (1) History of the patient;
- (2) Results of a physical examination performed in conformity with the standard of practice of similar health care providers, with similar training, in the same or similar communities;
 - (3) Progress, clinical, or office notes that reflect:
 - (a) Subjective patient complaints;
 - (b) Objective findings of the provider;
 - (c) Assessment of the presenting problem;
 - (d) Any plan or plans of care or recommendations for treatment; and
 - (e) Updated assessments of patient's medical status and response to therapy;
- (4) Copies of lab, x-ray, or other diagnostic tests, if any, that reflect the current progress of the patient and response to therapy; and
 - (5) Hospital inpatient and outpatient records, if any, including:
 - (a) Operation reports;
 - (b) Test results;
 - (c) Consultation reports;
 - (d) Discharge summaries; and
 - (e) Other dictated reports.
 - D. Writing, Maintaining, and Submitting Medical Records.
- (1) Employee medical records shall be submitted to the employer or insurer, or, upon request, to the Commission.
- (2) The cost of maintaining medical records is included in the treatment and service fees established by the Official Maryland Workers' Compensation Medical Fee Guide (1995) and this chapter. A provider may not submit a separate fee for writing or maintaining medical records.
 - (3) Additional Medical Report Fees.

2005 Federal Employee Program Benefit Changes

Below are the Federal Employee Program (FEP) benefit changes to the Blue Cross and Blue Shield Service Benefit Plan, effective January 1, 2005.

Change to both Basic and Standard Options

Benefits will be provided for inpatient and outpatient nutritional counseling for the treatment of anorexia and bulimia when rendered by any covered provider, including dieticians and nutritionists.

Basic Option Changes

Benefits will be at 100% of the Plan Allowance for:

- neurological/ psychological testing, testing by providers, such as psychiatrists, psychologists, clinical social workers and psychiatric nurses is subject to a \$20 copay, testing by a specialist is subject to a \$30 copay.
- Professional maternity care delivery. The \$100 copay for these services will be eliminated.
- Laboratory services billed separately from an office visit. The \$20 copay for these services will be eliminated.
- Radiological services and diagnostic tests billed separately from an office visit. The \$20 copay for these services will be eliminated.

EXHIBIT 7- CMS Final Rule 2024 LCSW-C physical hea Uploaded by: arthur flax

Behavioral Health Services

For CY 2024, we are implementing Section 4121 of the CAA, 2023, which provides for Medicare Part B coverage and payment under the Medicare Physician Fee Schedule for the services of marriage and family therapists (MFTs) and mental health counselors (MHCs) when billed by these professionals. Additionally, we are finalizing our proposal to allow addiction counselors or drug and alcohol counselors who meet the applicable requirements to be an MHC to enroll in Medicare as MHCs. MFTs and MHCs will be able to begin submitting Medicare enrollment applications after the CY 2024 Physician Fee Schedule final rule is issued, and they will be able to bill Medicare for services starting January 1, 2024, consistent with statute. (See link here for enrollment information). We are also making corresponding changes to Behavioral Health Integration codes to allow MFTs and MHCs to bill for these services.

We are also implementing Section 4123 of the CAA, 2023, which requires the Secretary to establish new HCPCS codes under the PFS for psychotherapy for crisis services that are furnished in an applicable site of service (any place of service at which the non-facility rate for psychotherapy for crisis services applies, other than the office setting, including the home or a mobile unit) furnished on or after January 1, 2024. Section 4123 of the CAA, 2023 specifies that the payment amount for psychotherapy for crisis services shall be equal to 150% of the fee schedule amount for non-facility sites of service for each year for the services identified (as of January 1, 2022) by HCPCS codes 90839 (Psychotherapy for crisis; first 60 minutes) and 90840 (Psychotherapy for crisis; each additional 30 minutes — List separately in addition to code for primary service), and any succeeding codes.

Additionally, we are finalizing our proposal to allow the Health Behavior Assessment and Intervention (HBAI) services described by CPT codes 96156, 96158, 96159, 96164, 96165, 96167, and 96168, and any successor codes, to be billed by clinical social workers, MFTs, and MHCs, in addition to clinical psychologists. Health Behavior Assessment and Intervention codes are used to identify the psychological, behavioral, emotional, cognitive, and social factors included in the treatment of physical health problems. Allowing a wider range of practitioner types to furnish these services will allow for better integration of physical and behavioral health care, particularly

given that there are so many behavioral health ramifications of physical health illness.

We are also finalizing an increase in the valuation for timed behavioral health services under the PFS. Specifically, we are finalizing our proposal to apply an adjustment to the work RVUs for psychotherapy codes payable under the PFS, which we are implementing over a four-year transition. In response to public comments, we are also finalizing the application of this adjustment to psychotherapy codes that are billed with an E/M visit and to the HBAI codes. We believe that these finalized changes will begin to address distortions that have occurred in valuing time-based behavioral health services over many years.

Section 4121(b) of the CAA, 2023 also established that the hospice interdisciplinary group is required to include at least one social worker, MFT, or MHC. Therefore, CMS is finalizing its proposal to modify the requirements for the hospice Conditions of Participation (CoPs) to allow social workers, MHCs or MFTs to serve as members of the interdisciplinary group (IDG) and removing the proposed language requiring that the determination regarding whether a social worker, MFT or MHC serve as a member of the IDG depending on the preferences and needs of the patient.

Additionally, Section 4121(b) of the CAA 2023 allows MFTs and MHCs to furnish services in Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs). CMS is finalizing the requirements for the RHC and FQHC Conditions for Certification and Conditions for Coverage (CfCs) to allow MFTs and MHCs to provide additional behavioral health services in these facilities. CMS is also finalizing, as proposed, revising the definitions of several health care professionals who are already eligible to provide services at RHCs and FQHCs, including nurse practitioners. The revised definition for nurse practitioners includes the removal of the requirement that they be certified in primary care to provide care in these facilities. CMS believes that removing this requirement will aid in addressing staffing shortages that healthcare facilities are experiencing in underserved and rural communities by increasing the number of nurse practitioners eligible to provide care in RHCs and FQHCs.

In the proposed rule, we also sought comment on ways we can continue to expand access to behavioral health services and requested

Important Notice to Applicants Regarding COVID-19 Modified Procedures

Dear Applicant,

During the COVID-19 State of Emergency, MobilityLink will not be receiving customers for appointments in our office. Applications should be sent to the MTA Mobility Office using one of the below options. Our team will contact you to schedule a phone interview, once we received your completed application (Part A & B). Original Signatures are not required at this time.

Option 1: Once completed, please mail to: ATTN: MobilityLink Certification Office 1st Floor, 4201 Patterson Avenue, Baltimore, MD 21215

Option 2: Please fax your completed application to (410) 764-7526.

Option 3: Please email your completed application to MTACertification@mdot.maryland.gov.

If you would like to register to vote electronically in person at the Mobility Certification Office, please contact the number below and transportation can be provided to the Certification Office after the state of emergency has concluded.

We apologize for any inconvenience this change may cause, and we look forward to serving you in person when it is safe to do so. If you have any questions or concerns, please contact the MobilityLink Certification Office at 410-764-8181 Option 6.

Thank you,

MTA MobilityLink Certification Office

Application for MTA Mobility

If you need help understanding this information or assistance in completing or understanding Mobility forms or policies, wish to request a reasonable accommodation or modification, or need a copy of this document in an alternative format, please contact Mobility Information at 410-764-8181 or MD Relay 711. You may also contact the Office of Equal Opportunity Compliance Programs at 410-764-8507 or 410-767-3944.

MTA Mobility

Is provided in accordance with the Americans with Disabilities Act (ADA). The ADA requires transit systems that operate fixed route buses/trains to offer complementary paratransit service to people with disabilities who cannot use the fixed route buses/trains for some or all of their trips. MTA Mobility is an origin-to-destination, shared ride, advanced reservation public transit system that is comparable to MTA's fixed route system in terms of service area and service characteristics.

The MTA Mobility eligibility process looks at each individual's functional abilities and their ability to utilize MTA's buses and trains to determine level of eligibility for the program.

The MTA Mobility application process consists of a completed application, completed Healthcare Professional Verification, an interview, and if needed, a functional assessment.

Application Process

- 1. Complete Part A of the application
- 2. Have a Healthcare Professional, who can speak to your disability or health condition, complete Part B
 - a. Ensure your Healthcare Professional has fully completed Part B, including original signature, license number, and ICD code(s)
- 3. Once Part A and Part B are completed, return the application to the MTA by one of the following methods:
 - Option 1: Once completed, please mail to: ATTN: MobilityLink Certification Office 1st Floor, 4201 Patterson Ave., Baltimore, MD 21215
 - Option 2: Please fax your completed application to (410) 764-7526
 - Option 3: Please email your completed application to: <u>MTACertification@mdot.maryland.gov</u>

Please note: Applicant interview must take place within 60 days of the completion of Part B.

In order to better serve applicants, MTA Mobility will consider additional forms of identification in lieu of a government approved photo identification if you do not have government approved identification available. MTA Mobility will consider alternative form(s) of identification on a case-by-case basis. If you are unsure about appropriate identification, you may call 410-764-8181, option 6.

MTA has up to 21 days to make a determination. You will receive an eligibility determination letter in the mail that outlines the determination. If your determination is not made within 21 days, you will qualify for Mobility services until such time as an eligibility decision is made. You may contact the reservation center at 410-764-8181, option 1 to schedule a ride until a determination is made.

You have the right to appeal the determination if you do not agree. Information on how to request an appeal will be included with the eligibility determination letter.

Part A: Applicant Information (please print)

This section to be completed by the applicant, the applicant's caregiver, or another individual familiar with the applicant's disability. Please attach supplemental documentation if additional space is required to thoroughly answer all questions.

Part B: Healthcare Professional Certification (please print)

Licensed or certified healthcare professionals authorized to fill out this certification include, but are not limited to the following:

- Vocational Rehabilitation Counselor
- Physician
- Licensed Clinical Social Worker
- Physician's Assistant
- Respiratory Therapist
- Nurse Practitioner
- Occupational Therapist
- Psychiatrist/Psychiatric Social Worker

- Physical Therapist
- Ophthalmologist
- Audiologist
- Optometrist
- Independent Living Specialist
- Psychologist
- Speech and Language Pathologist

The Americans with Disabilities Act (ADA) requires transit systems that operate fixed route service to offer complementary paratransit to people with disabilities who cannot use the MTA fixed route service. In accordance with the ADA, the MTA offers MTA Mobility, a door-to-door, shared ride service for those who cannot use the fixed route service because of their disability.

The following factors do not, by themselves, qualify a person for ADA paratransit:

- Diagnosis
- Distance to bus stop
- Lack of bus service
- Inability to drive

- Age
- Inconvenience
- Personal finances
- Discomfort

Please be advised that all of MTA's buses and rail services are lift/ramp equipped, have wheelchair securement areas, priority seating areas for people with disabilities, and provide audio route and stop announcements.

MTA bases eligibility determinations on the information provided by the applicant in the application and in the interview, observations made during the functional assessment, if used, and information provided by the healthcare professional.

An incomplete application will be returned to the applicant and may delay processing. Every question **must** be answered and must be legible. Please attach supplemental documentation if additional space is required to thoroughly answer all questions.

VOTER REGISTRATION INFORMATION

Mobility Customer ID: 15694

,	registered to vote where you live now, would you like to apply to register to vote at heck either box, you will be considered to have decided not to register to vote at
Yes	No
You can regis Certification C	ter online at www.vote.org/register-to-vote/maryland/ or in person in our Office.

If your answer is yes, a voter registration application is enclosed with the MTA MobilityLink Application. You may complete the enclosed voter registration application and send it to MTA MobilityLink. MTA will transmit it to the appropriate election board. You may also send the voter registration form to the appropriate State election official yourself. You can also register online at www.vote.org/register-to-vote/maryland/ or in person at the MTA MobilityLink Certification Office. If you would like to register to vote electronically in person at the Mobility Certification Office, please contact the number below and transportation can be provided to the Certification Office after the State of Emergency has concluded.

When you complete a voter registration application, if you do not select a political party affiliation, you will be designated as not affiliated with a political party and will be unable to vote in a party primary election.

Applying to register or declining to register to vote will not affect the amount of assistance that you will be provided by MTA. If you would like help in filling out the voter registration application form, MTA will help you. The decision whether to seek or accept help is yours. You may fill out the application form in private. Please contact MTA MobilityLink at (410) 764-8181 Option 6 for assistance with voter registration.

If you believe that someone has interfered with your right to register or to decline to register to vote, your right to privacy in deciding whether to register or in applying to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with the State Board of Elections.

Maryland State Board of Elections P.O. Box 6468 Annapolis, Maryland 21401-0486 800-222-8683

Your application for MTA MobilityLink services may not be completed until you have indicated whether you wish to register to vote. Therefore, please indicate whether you would like to register to vote or decline to register above.

AFTER THIS FORM IS FILLED OUT, YOU MUST SIGN AND MAIL IT TO YOUR COUNTY BOARD OF ELECTIONS. IT CANNOT BE PROCESSED IF IT IS FAXED OR E-MAILED, BECAUSE IT REQUIRES AN ORIGINAL SIGNATURE.

MARYLAND VOTER REGISTRATION APPLICATION

TO REGISTER, YOU MUST

- Be a U.S. citizen;
- Be a Maryland resident;
- Be at least 16 years old*;
- Not be under guardianship for mental disability or if you are, you have not been found by a court to be unable to communicate a desire to vote;
- Not have been convicted of buying or selling votes;
- Not have been convicted of a felony, or if you have, you have completed serving a court-ordered sentence of imprisonment.

*You may register to vote if you are at least 16 years old but cannot vote unless you will be at least 18 years old by the next general election.

DEADLINE INFORMATION

- This application must be postmarked no later than 21 days before an election.
- If your application is complete and you are found to be qualified, a Voter Notification Card will be mailed to you.
- The submission of this form to an individual other than an official, employee, or agent of a County Board of Elections does not assure that the form will be submitted or filed in a timely manner.

YOU CAN USE THIS FORM TO

- Register to vote in federal, state, county, and municipal elections in Maryland.
- Change your name, address, or party affiliation.

INSTRUCTIONS

- If you do not have a current, valid Maryland driver's license or MVA ID card, you must enter the last 4 digits of your social security number. The statutory authority allowing officials to request the last 4 digits of your social security number is Election Law Article, § 3-202. The number will only be used for registration and other administrative purposes. It will be kept confidential.
- Complete Items 1–11 in Voter Registration Application. Sign and date Item 12. If you are registered to vote in another Maryland county or another state, you must complete Items A–B in Last Voter Registration.
- You must register with a party if you want to take part in that party's primary election, caucus or convention. Check one box only.
- Detach this panel at the perforation.
- Address and mail the application to your County Board of Elections, using the list on the back panel.

WARNING

Giving false information on an application for voter registration is perjury, punishable by imprisonment for up to 10 years, and a violation of the election laws, punishable by a fine of up to \$1,000, or by imprisonment for up to 5 years, or both.

PERSONAL RECORDS NOTICE/CONFIDENTIALITY

This form collects personal information for voter registration purposes. If you are not registered to vote and you refuse to provide this information, you will not be allowed to vote in Maryland. You may update your voter registration at any time at your County Board of Elections. Except for items specified as confidential, voter registration records are generally available for public inspection; they may also be shared with jury commissioners/clerks or other government agencies as provided by law. The law prohibits use of voter registration records for commercial solicitation purposes. If you decline to register to vote, that fact will remain confidential and will be used only for voter registration purposes.

If you register to vote, the identity of the office at which the application is submitted will remain confidential and will be used only for voter registration purposes.

The Maryland Safe at Home Address Confidentiality Program (ACP) is administered by the Office of the Secretary of State and provides an important service to victims of domestic violence and human trafficking. For more information about this Program please call 1-800-633-9657, ext. 3875.

QUESTIONS

Visit the State Board of Elections website at www. elections.maryland.gov to verify your registration, find your polling place, and find out other important information. If you have any questions, call your County Board of Elections or the State Board of Elections at the numbers listed on the back of the application.

Large type Voter Registration Applications available upon request to your County Board of Elections or the State Board of Elections.

Exhibit 9-SICK LEAVE STATE PENSION AND PERSONAL 9-

Uploaded by: arthur flax

Position: FAV

OFFICE OF PERSONNEL SERVICES AND BENEFITS

SICK LEAVE GUIDELINES

1. Eligibility

In accordance with State law, employees are entitled to sick leave with pay:

- a. for illness or disability of the employee;
- b. for death, illness, or disability of a member of the employee's immediate family;
- c. following the birth of the employee's child;
- d. when a child is placed with the employee for adoption; or
- e. for a medical appointment of the employee or a member of the employee's immediate family.

"Immediate family" is defined as: the employee's spouse; the employee's children (including foster and stepchildren); parents, stepparents, or foster parents of the employee or spouse, or others who took the place of parents; legal guardians of the employee or spouse; brothers and sisters of the employee or spouse; grandparents and grandchildren of the employee or spouse; and other relatives living as members of the employee's household.

2. Notification

When an employee is unable to work due to circumstances provided in Section 1, the employee or employee's designee will notify his/her immediate supervisor or designee at the work site at a time as established by existing agency policy/practice, unless extenuating circumstances preclude this notification. When an employee calls in accordance with established practice or policy, he/she shall leave a message if the supervisor or supervisor's designee is unavailable, or the Employer may instruct an employee to call a secondary number, and the employee will not be required to call back.

The employee or designee must call each day of absence until the employee notifies the Employer of a date he/she will return to duty. The Employer shall not ask the employee to provide information as to his/her diagnosis or condition except as permitted by applicable law.

3. Certificate of Illness for Absences for Five (5) or More Consecutive Days

The Employer shall require an employee to provide an original certificate of illness or disability only in cases where an absence is for five (5) or more consecutive workdays or in accordance

with the procedures described in Section 4 below. The certificate required by this Section shall be signed by one of the following:

- A. A medical doctor who is authorized to practice medicine or surgery by the state in which the doctor practices;
- B. If authorized to practice in a state and performing within the scope of that authority:
 - 1. a chiropractor;
 - 2. a clinical psychologist;
 - 3. a dentist:
 - 4. a licensed certified social worker clinical;
 - 5. a nurse midwife;
 - 6. a nurse practitioner;
 - 7. an oral surgeon;
 - 8. an optometrist;
 - 9. a physical therapist; or
 - 10. a podiatrist;
- C. An accredited Christian Science practitioner; or
- D. A health care provider as defined by the federal Family Medical Leave Act.

4. Certificate of Illness for Absences of Less Than Five (5) Consecutive Days

The Employer may require an employee to submit documentation of sick leave use on the following conditions:

- A. When an employee has a consistent pattern of maintaining a zero or near zero sick leave balance without documentation of the need for such relatively high utilization; or
- B. When an employee has six (6) or more occurrences of undocumented sick leave usage within a twelve (12) month period. Sick leave use that is certified in accordance with this policy shall not be considered as an occurrence.

Note that after the first instance of an employee being absent for more than four (4) consecutive days without documentation, the Employer may place the employee on notice that future absences of more than three (3) days, within a rolling twelve (12) month period, will require documentation.

5. Procedures for Certification Requirement

Prior to imposing a requirement on an employee for documentation of sick leave use, the Employer shall orally counsel the employee that future undocumented absences may trigger a requirement for certification of future instances of sick leave.

If the employee has another undocumented absence after such counseling, the Employer may then put the employee on written notice that he/she must certify all sick leave usage for the next six (6) months if the undocumented absences accumulate in accordance with Section 4.

At the conclusion of the six (6) months, the certification requirement will be rescinded provided the employee has complied with the requirement. If the employee has not complied, the requirement shall be extended for six (6) months from the date of the lack of compliance with the requirement.

Although a requirement for certification is not a disciplinary action, an employee may grieve allegations of misapplication of this procedure.

6. Chronic Conditions

Employees who suffer from chronic or recurring illnesses or disabling conditions that do not require a visit to a health care provider each time the condition is manifested, shall not be required to provide certification for each absence, provided that a general certification is provided, unless the absence is for five (5) or more consecutive days. Such frequent absences also shall not be used as the basis for a certification requirement.

Unless the employee has a condition identified as a permanent disabling condition, the Employer may require certification and follow-up reports from a health care provider no more frequently than every six (6) months of the continued existence of the chronic condition.

7. Acceptable Documentation

For the purposes of absences of less than five (5) consecutive days, acceptable documentation shall consist of the following:

- A. A certificate from a health care provider that the employee (or member of the employee's immediate family) visited the office and/or the employee was unavailable for duty for the reasons specified in Section 1 on the day or dates of absence. For absences of four (4) hours or less, at the employee's option, he or she may submit a copy of the universal health insurance claim form or similar document from the health care provider's office showing the name of the provider, the date of treatment and address and telephone number of the provider.
- B. An employee who works less than his/her full work day due to having to provide care to the employee's child or member of his/her immediate family shall not be required to provide certification from an acceptable health care provider unless management has a basis to believe sick leave is being used for a purpose other than described in Section 1 above. Sick leave use in such circumstances shall not count as an occurrence under Section 4.

8. Disciplinary Actions

The Employer may take appropriate disciplinary action against an employee for using sick leave for purposes other than described in law, regulation, this policy, or an applicable MOU; for failing to properly notify the Employer of the use of sick leave; or for failure to provide appropriate documentation when properly required to do so.

The Employer may not penalize an employee with regard to scheduling, overtime eligibility, performance evaluations or other right or benefit for sick leave usage for being subject to a documentation requirement.

This does not preclude appropriate disciplinary action for use of sick leave for purposes other than described in Section 1.

HB1210_FAV_GWSCSW - Workers' Comp - Eval. of Perma Uploaded by: Christine Krone

Position: FAV

House Economic Matters Committee February 26, 2025

House Bill 1210 – Workers' Compensation – Evaluation of Permanent Impairments – Licensed Certified Social Worker-Clinical

POSITION: SUPPORT

The Greater Washington Society for Clinical Social Work (GWSCSW) was established in 1975 to promote and advance the specialization of clinical practice within the social work profession. Through our lobbying, education, community building, and social justice activities, we affirm our commitment to the needs of those in our profession, their clients, and the community at large. On behalf of GWSCSW, we support House Bill 1210.

The Licensed Certified Social Worker-Clinical (LCSW-C) licensee is authorized to independently evaluate, diagnose, treat mental and emotional disorders, conditions, and impairments and testify as an expert witness. (HO 19-101 Et. Seq.). There is a severe need for qualified mental health practitioners to fully serve the injured worker who are experienced, and qualified in the evaluation, diagnosis, and treatment of mental and emotional disorders, conditions, and impairments as well as medical case management and collaboration with other health care providers, agencies, and resources. LCSW-Cs perform evaluations, diagnosis, and treatment objectively not based upon advocacy for the patient or referral sources.

GWSCSW supports amending Sec. 9-721 (c) to include the LCSW-C who is qualified as an expert witness. House Bill 1210 limits the LCSW-C to only those practitioners who are trained and qualified though the Expert Witness procedural process on an individual basis. However, a Physician (Psychiatrist) or Psychologist, without any training, experience or oversight by their licensing Board in impairment determinations of Workers Compensation is automatically accepted to testify on Permanent Impairment. This appears to be a restraint of trade; arbitrarily disallowing qualified LCSW-Cs to engage in this function within their scope of practice, while permitting other health practitioners with no specified qualifications to engage in this function.

For these reasons we urge a favorable vote.

Please see the attachments.

Title 14 INDEPENDENT AGENCIES

Subtitle 09 WORKERS' COMPENSATION COMMISSION

Chapter 08 Guide of Medical and Surgical Fees (Effective as of February 24, 2020)

Authority: Labor and Employment Article, §§9-309, 9-663, and 9-731, Annotated Code of Maryland

	04	-	~			
- (11)		าเป	10	ns.

A. In this chapter, the following terms have the meanings indicated.				
3. Terms Defined.				
(1) "Ambulatory surgical center (ASC)" means any center, service, office facility, or other entity that:				
(a) Operates primarily for the purpose of providing surgical services to patients requiring a period of postoperative observation but not requiring overnight hospitalization; and				
(b) Seeks reimbursement from payers as an ambulatory surgery center.				
(2) "Authorized provider" means:				
(a) A licensed physician's assistant (P.A.), providing services on or after March 24, 2008;				
(b) A licensed acupuncturist;				
(c) A medical doctor (M.D.);				
(d) A doctor of osteopathy (D.O.);				
(e) A doctor of chiropractic (D.C.), for services provided within the scope of Health Occupations Article, Title 3, Annotated Code of Maryland;				
(f) Podiatrist (D.P.M.);				
(g) An optometrist (O.D.);				
(h) A certified registered nurse anesthetist (C.R.N.A.);				
(i) An occupational therapist (O.T.);				
(j) A pharmacist (R. Ph.);				
(k) A licensed physical therapist (P.T.);				
(l) A psychologist (Ph.D.);				
(m) A licensed clinical social worker (L.C.S.W.);				
(n) A licensed audiologist;				

- (16) "Resource based relative value scale (RBRVS)" means the system by which medical providers are reimbursed based on the resource costs needed to provide a given service. Under the RBRVS, CMS assigns each medical procedure a relative value quantifying the relative work (work), practice expense (PE), and malpractice costs (MP) for each service.
- (17) "RBRVS relative value unit (RVU)" means the uniform value assigned by CMS to each medical procedure and service identified by CPT/HCPCS code quantifying the work (work), practice expense (PE), and malpractice costs (MP) for each service.
- (18) "Time Unit" means a measure of each 15-minute interval, or fraction thereof, during which anesthesiology services are performed.

.02 Incorporation by Reference.

- A. The "Official Maryland Workers' Compensation Medical Fee Guide" (1995) is incorporated by reference.
- B. Health Services Cost Review Commission. In accordance with Health-General Article, §19-211, Annotated Code of Maryland, in the case of a discrepancy between a rate for a hospital service set by the Health Services Cost Review Commission and that set by the Workers' Compensation Commission, the rate set by the Health Services Cost Review Commission shall prevail.

- (3) The facility MRA shall be calculated by multiplying each RBRVS RVU by each corresponding GPCI, adding those sums, and then multiplying that total by the MSCF as follows: Facility MRA = ((Work RVU \times Work GPCI) + (Transitioned Facility PE RVU \times PE GPCI) + (MP RVU \times MP GPCI)) \times MSCF.
- (4) For anesthesiology services, the MRA shall be calculated by adding the Time Units and Base Units and multiplying that sum by the MSCF: $MRA = (Time\ Units + Base\ Units) \times MSCF$.
 - (5) In calculating the MRA, the following MSCFs apply:
 - (a) For anesthesiology services, the MSCF is \$19.39;
 - (b) For orthopedic and neurological surgical procedures, MSCF is \$53.77; and
 - (c) For all other medical services and treatment, except as otherwise provided, the MSCF is \$40.70.

F. Ambulatory Surgical Centers.

- (1) For medical services and treatment provided at an ASC between September 1, 2004, and January 31, 2006, the MRA is calculated by multiplying the CMS 2004 ASC group payment rate by 109 percent.
- (2) For medical services and treatment provided at an ASC between February 1, 2006, and March 24, 2008, the MRA is calculated by multiplying the 2004 CMS ASC group payment rate by 125 percent.
- (3) For medical services and treatment provided at an ASC on, or after, March 24, 2008, the MRA is calculated by multiplying the current calendar year ASC MRR by 125 percent.
 - G. MSCF Annual Adjustment.
- (1) Beginning January 1, 2009, an adjustment shall be made to the prior year's MSCFs and percentage multiplier (for ASCs).
- (2) The MSCFs for the following year shall be calculated by multiplying the MSCFs in effect on November 1 of the current year by the percentage change in the first quarter MEI of the current year, as published on November 1 of the current year, and adding that amount to the current year's MSCFs.
- (3) The percentage multiplier for the following year shall be calculated by multiplying the percentage multiplier in effect on November 1 of the current year by the percentage change in the first quarter MEI of the current year, as published on November 1 of the current year, and adding that amount to the current year's percentage multiplier.
- (4) The resulting figures shall be utilized as the new MSCF and percentage multiplier for the following year for the purpose of calculating the MRA under §§E and F of this regulation.
 - (5) The Commission shall post the new MSCFs and percentage multiplier on its website by December 1.
 - (6) The resulting new MSCFs and percentage multiplier shall be effective January 1 of the following year.
- (7) The Commission shall review the annual adjustment process every 5 years to assure that reimbursement rates are neither inadequate nor excessive.

.06 Reimbursement Procedures.

- A. To obtain reimbursement under this chapter, an authorized provider shall:
- (1) Complete Form CMS-1500 in accordance with the written instructions posted on the Commission's website; and
- (2) Within the time provided in §H of this regulation, submit to the employer or insurer the completed Form CMS-1500, which shall include:
 - (a) An itemized list of each service;
 - (b) The diagnosis relative to each service;
 - (c) The medical records related to the service being billed;
 - (d) The appropriate CPT/HCPCS code with CPT modifiers, if any, for each service;
 - (e) The date of each service;
 - (f) The specific fee charged for each service;
 - (g) The tax ID number of the provider;
 - (h) The professional license number of the provider; and
 - (i) The National Provider Identifier (NPI) of the provider.

B. Modifiers.

- (1) Modifying circumstances may be identified by use of the relevant CPT modifier in effect when the medical service or treatment was provided.
- (2) The identification of modifying circumstances does not imply or guarantee that a provider will receive reimbursement as billed.
- C. Time for Reimbursement. Reimbursement by the employer or insurer shall be made within 45 days of the date on which the Form CMS-1500 was received by the employer or insurer, unless the claim for treatment or services is denied in full or in part under §G of this regulation.
- D. Untimely Reimbursement. If an employer or insurer does not pay the fee calculated under this chapter or file a notice of denial of reimbursement, within 45 days of receipt of the CMS-1500, the Commission may assess a fine against the employer or its insurer, and award interest to the provider in accordance with Labor and Employment Article, §§9-663 and 9-664, Annotated Code of Maryland, and COMAR 14.09.06.02.

E. Denial of Reimbursement.

- (1) If an employer or insurer denies, in full or in part, a claim for treatment or services, the employer or insurer shall:
 - (a) Notify the provider of the reasons for the denial in writing; and

.07 Medical Records.

- A. Medical records are the basis for determining whether a particular treatment or service is medically necessary and, therefore, reimbursable.
- B. Each health care provider is responsible for creating and maintaining legible medical records documenting the employee's course of treatment.
 - C. Employee medical records shall include the:
 - (1) History of the patient;
- (2) Results of a physical examination performed in conformity with the standard of practice of similar health care providers, with similar training, in the same or similar communities;
 - (3) Progress, clinical, or office notes that reflect:
 - (a) Subjective patient complaints;
 - (b) Objective findings of the provider;
 - (c) Assessment of the presenting problem;
 - (d) Any plan or plans of care or recommendations for treatment; and
 - (e) Updated assessments of patient's medical status and response to therapy;
- (4) Copies of lab, x-ray, or other diagnostic tests, if any, that reflect the current progress of the patient and response to therapy; and
 - (5) Hospital inpatient and outpatient records, if any, including:
 - (a) Operation reports;
 - (b) Test results;
 - (c) Consultation reports;
 - (d) Discharge summaries; and
 - (e) Other dictated reports.
 - D. Writing, Maintaining, and Submitting Medical Records.
- (1) Employee medical records shall be submitted to the employer or insurer, or, upon request, to the Commission.
- (2) The cost of maintaining medical records is included in the treatment and service fees established by the Official Maryland Workers' Compensation Medical Fee Guide (1995) and this chapter. A provider may not submit a separate fee for writing or maintaining medical records.
 - (3) Additional Medical Report Fees.

SICK LEAVE GUIDELINES

1. Eligibility

In accordance with State law, employees are entitled to sick leave with pay:

- a. for illness or disability of the employee;
- b. for death, illness, or disability of a member of the employee's immediate family;
- c. following the birth of the employee's child;
- d. when a child is placed with the employee for adoption; or
- e. for a medical appointment of the employee or a member of the employee's immediate family.

"Immediate family" is defined as: the employee's spouse; the employee's children (including foster and stepchildren); parents, stepparents, or foster parents of the employee or spouse, or others who took the place of parents; legal guardians of the employee or spouse; brothers and sisters of the employee or spouse; grandparents and grandchildren of the employee or spouse; and other relatives living as members of the employee's household.

2. Notification

When an employee is unable to work due to circumstances provided in Section 1, the employee or employee's designee will notify his/her immediate supervisor or designee at the work site at a time as established by existing agency policy/practice, unless extenuating circumstances preclude this notification. When an employee calls in accordance with established practice or policy, he/she shall leave a message if the supervisor or supervisor's designee is unavailable, or the Employer may instruct an employee to call a secondary number, and the employee will not be required to call back.

The employee or designee must call each day of absence until the employee notifies the Employer of a date he/she will return to duty. The Employer shall not ask the employee to provide information as to his/her diagnosis or condition except as permitted by applicable law.

3. Certificate of Illness for Absences for Five (5) or More Consecutive Days

The Employer shall require an employee to provide an original certificate of illness or disability only in cases where an absence is for five (5) or more consecutive workdays or in accordance

with the procedures described in Section 4 below. The certificate required by this Section shall be signed by one of the following:

- A. A medical doctor who is authorized to practice medicine or surgery by the state in which the doctor practices;
- B. If authorized to practice in a state and performing within the scope of that authority:
 - 1. a chiropractor;
 - 2. a clinical psychologist;
 - 3. a dentist:
 - 4. a licensed certified social worker clinical;
 - 5. a nurse midwife;
 - 6. a nurse practitioner;
 - 7. an oral surgeon;
 - 8. an optometrist;
 - 9. a physical therapist; or
 - 10. a podiatrist;
- C. An accredited Christian Science practitioner; or
- D. A health care provider as defined by the federal Family Medical Leave Act.

4. Certificate of Illness for Absences of Less Than Five (5) Consecutive Days

The Employer may require an employee to submit documentation of sick leave use on the following conditions:

- A. When an employee has a consistent pattern of maintaining a zero or near zero sick leave balance without documentation of the need for such relatively high utilization; or
- B. When an employee has six (6) or more occurrences of undocumented sick leave usage within a twelve (12) month period. Sick leave use that is certified in accordance with this policy shall not be considered as an occurrence.

Note that after the first instance of an employee being absent for more than four (4) consecutive days without documentation, the Employer may place the employee on notice that future absences of more than three (3) days, within a rolling twelve (12) month period, will require documentation.

5. Procedures for Certification Requirement

Prior to imposing a requirement on an employee for documentation of sick leave use, the Employer shall orally counsel the employee that future undocumented absences may trigger a requirement for certification of future instances of sick leave.

If the employee has another undocumented absence after such counseling, the Employer may then put the employee on written notice that he/she must certify all sick leave usage for the next six (6) months if the undocumented absences accumulate in accordance with Section 4.

At the conclusion of the six (6) months, the certification requirement will be rescinded provided the employee has complied with the requirement. If the employee has not complied, the requirement shall be extended for six (6) months from the date of the lack of compliance with the requirement.

Although a requirement for certification is not a disciplinary action, an employee may grieve allegations of misapplication of this procedure.

6. Chronic Conditions

Employees who suffer from chronic or recurring illnesses or disabling conditions that do not require a visit to a health care provider each time the condition is manifested, shall not be required to provide certification for each absence, provided that a general certification is provided, unless the absence is for five (5) or more consecutive days. Such frequent absences also shall not be used as the basis for a certification requirement.

Unless the employee has a condition identified as a permanent disabling condition, the Employer may require certification and follow-up reports from a health care provider no more frequently than every six (6) months of the continued existence of the chronic condition.

7. Acceptable Documentation

For the purposes of absences of less than five (5) consecutive days, acceptable documentation shall consist of the following:

- A. A certificate from a health care provider that the employee (or member of the employee's immediate family) visited the office and/or the employee was unavailable for duty for the reasons specified in Section 1 on the day or dates of absence. For absences of four (4) hours or less, at the employee's option, he or she may submit a copy of the universal health insurance claim form or similar document from the health care provider's office showing the name of the provider, the date of treatment and address and telephone number of the provider.
- B. An employee who works less than his/her full work day due to having to provide care to the employee's child or member of his/her immediate family shall not be required to provide certification from an acceptable health care provider unless management has a basis to believe sick leave is being used for a purpose other than described in Section 1 above. Sick leave use in such circumstances shall not count as an occurrence under Section 4.

8. Disciplinary Actions

The Employer may take appropriate disciplinary action against an employee for using sick leave for purposes other than described in law, regulation, this policy, or an applicable MOU; for failing to properly notify the Employer of the use of sick leave; or for failure to provide appropriate documentation when properly required to do so.

The Employer may not penalize an employee with regard to scheduling, overtime eligibility, performance evaluations or other right or benefit for sick leave usage for being subject to a documentation requirement.

This does not preclude appropriate disciplinary action for use of sick leave for purposes other than described in Section 1.

The Honorable Susan K. McComas Maryland House of Delegates 411 Lowe House Office Building Annapolis, Maryland 21401 Via email

Dear Delegate McComas:

You have inquired whether a licensed certified social worker-clinical ("LCSW-C") may be qualified to testify as a witness on ultimate issues regarding matters within the scope of practice for clinical social work. As earlier advised by this office, (see Letter of Advice to the Honorable Samuel I. Rosenberg from Asst. Atty. Gen. Kathryn M. Rowe (Jan. 30, 2004) ("Rosenberg Letter")), a LCSW-C may be qualified to testify on matters within the scope of practice for clinical social work by a LCSW-C.

A LCSW-C is an individual licensed by the State Board of Social Work Examiners to practice clinical social work. Md. Code Ann., Health Occupations Article ("HO"), § 19-101(h). "Practice clinical social work" means to use the specialized education, training, and experience required under HO § 19-302(e) to practice social work. HO § 19-101(l). "Practice social work" is defined under HO § 19-101(n)(1), and specifically for a LCSW-C, the "practice of social work" also includes the: (1) supervision of other social workers; (2) "[e]valuation, diagnosis, and treatment of biopsychosocial conditions, mental and emotional conditions and impairments, and behavioral health disorders, including substance abuse disorders, addictive disorders, and mental disorders, as defined in § 7.5-101 of the Health-General Article;" (3) petitioning for emergency evaluation under Title 10, Subtitle 6 of the Health-General Article; and (4) provision of psychotherapy. HO § 19-101(n)(1) and (5).

Maryland Rule 5-702 addresses the admissibility of expert testimony in State court proceedings. The rule allows a trial court to admit expert testimony "in the form of an opinion or otherwise, if the court determines that the testimony will assist the trier of fact to understand the evidence or to determine a fact in issue." Md. Rule 5-702. In making the determination, the rule requires a court to examine three factors: "(1) whether the witness is qualified as an expert by knowledge, skill, experience, training, or education[;] (2) the appropriateness of the expert testimony on the particular subject[;] and (3) whether a sufficient factual basis exists to support the expert testimony." *Id*.

In In re Adoption/Guardianship No. CCJ14746, in the Circuit Court for Washington County, 360 Md. 634 (2000), the Maryland Supreme Court held that the trial court in that case did not abuse its discretion in finding a licensed clinical social worker qualified as an expert and in admitting his opinion on the respondent's mental disorders. The Court relied on the then-existing statutory definition of the practice of social work under then HO § 19-101(f), which included "rendering a diagnosis based on a recognized manual of mental and emotional disorders[,]" as well as the advanced educational standards required for licensed clinical social workers. Id. at 642-43. Subsequent to the Court's opinion in that case, the General Assembly enacted Chapter 554 of the Acts of 2000, which modified the language of the scope of practice under former HO § 19-101(f), and added the scope of practice language for LCSW-Cs that is similar to the scope of practice language under existing HO § 19-101(n)(1) and (5). As this office has previously advised, "[t]his change provides [LCSW-Cs] with at least as broad diagnostic authority as the former law, and thus, does not alter the conclusions in Adoption No. CCJ14746." Rosenberg Letter at 2. See also In re Yve S., 373 Md. 551, 615 (2003) ("A witness may not testify to the effect of making a diagnosis concerning mental illness unless he or she is a physician qualified to make such a diagnosis or prognosis, or unless they are otherwise authorized by statute to make such diagnosis.").

For these reasons, subject to the discretion of a trial court to determine the admissibility of expert testimony under Maryland Rule 5-702, a LCSW-C may be qualified to testify on matters within the scope of practice for clinical social work by a LCSW-C.

I hope this is responsive to your request. If you have any questions or need any additional information, please feel free to contact me.

Sincerely,

fred of beel

Jeremy M. McCoy Assistant Attorney General

OP: HISTORAG. State MO. SON

Behavioral Health Services

For CY 2024, we are implementing Section 4121 of the CAA, 2023, which provides for Medicare Part B coverage and payment under the Medicare Physician Fee Schedule for the services of marriage and family therapists (MFTs) and mental health counselors (MHCs) when billed by these professionals. Additionally, we are finalizing our proposal to allow addiction counselors or drug and alcohol counselors who meet the applicable requirements to be an MHC to enroll in Medicare as MHCs. MFTs and MHCs will be able to begin submitting Medicare enrollment applications after the CY 2024 Physician Fee Schedule final rule is issued, and they will be able to bill Medicare for services starting January 1, 2024, consistent with statute. (See link here for enrollment information). We are also making corresponding changes to Behavioral Health Integration codes to allow MFTs and MHCs to bill for these services.

We are also implementing Section 4123 of the CAA, 2023, which requires the Secretary to establish new HCPCS codes under the PFS for psychotherapy for crisis services that are furnished in an applicable site of service (any place of service at which the non-facility rate for psychotherapy for crisis services applies, other than the office setting, including the home or a mobile unit) furnished on or after January 1, 2024. Section 4123 of the CAA, 2023 specifies that the payment amount for psychotherapy for crisis services shall be equal to 150% of the fee schedule amount for non-facility sites of service for each year for the services identified (as of January 1, 2022) by HCPCS codes 90839 (Psychotherapy for crisis; first 60 minutes) and 90840 (Psychotherapy for crisis; each additional 30 minutes — List separately in addition to code for primary service), and any succeeding codes.

Additionally, we are finalizing our proposal to allow the Health Behavior Assessment and Intervention (HBAI) services described by CPT codes 96156, 96158, 96159, 96164, 96165, 96167, and 96168, and any successor codes, to be billed by clinical social workers, MFTs, and MHCs, in addition to clinical psychologists. Health Behavior Assessment and Intervention codes are used to identify the psychological, behavioral, emotional, cognitive, and social factors included in the treatment of physical health problems. Allowing a wider range of practitioner types to furnish these services will allow for better integration of physical and behavioral health care, particularly

given that there are so many behavioral health ramifications of physical health illness.

We are also finalizing an increase in the valuation for timed behavioral health services under the PFS. Specifically, we are finalizing our proposal to apply an adjustment to the work RVUs for psychotherapy codes payable under the PFS, which we are implementing over a four-year transition. In response to public comments, we are also finalizing the application of this adjustment to psychotherapy codes that are billed with an E/M visit and to the HBAI codes. We believe that these finalized changes will begin to address distortions that have occurred in valuing time-based behavioral health services over many years.

Section 4121(b) of the CAA, 2023 also established that the hospice interdisciplinary group is required to include at least one social worker, MFT, or MHC. Therefore, CMS is finalizing its proposal to modify the requirements for the hospice Conditions of Participation (CoPs) to allow social workers, MHCs or MFTs to serve as members of the interdisciplinary group (IDG) and removing the proposed language requiring that the determination regarding whether a social worker, MFT or MHC serve as a member of the IDG depending on the preferences and needs of the patient.

Additionally, Section 4121(b) of the CAA 2023 allows MFTs and MHCs to furnish services in Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs). CMS is finalizing the requirements for the RHC and FQHC Conditions for Certification and Conditions for Coverage (CfCs) to allow MFTs and MHCs to provide additional behavioral health services in these facilities. CMS is also finalizing, as proposed, revising the definitions of several health care professionals who are already eligible to provide services at RHCs and FQHCs, including nurse practitioners. The revised definition for nurse practitioners includes the removal of the requirement that they be certified in primary care to provide care in these facilities. CMS believes that removing this requirement will aid in addressing staffing shortages that healthcare facilities are experiencing in underserved and rural communities by increasing the number of nurse practitioners eligible to provide care in RHCs and FQHCs.

In the proposed rule, we also sought comment on ways we can continue to expand access to behavioral health services and requested

HB1210 – Worker's Compensation – Evaluation of Permanent Impairments – Licensed Certified Social Worker – Clinical

Currently only a licensed psychologist or qualified physician may perform the required evaluations and generate the related report that must occur in connection with a Worker's Compensation claim that involves permanent impairments to behavior and mental disorders. HB 1210 authorizes a licensed certified social worker-clinical (LCSW-C) to perform these evaluations and provide the related comprehensive report to the Worker's Compensation Commission. In doing so the licensed certified social worker-clinical must comply with the requirements of expert witnesses as set forth by the Worker's Compensation Commission.

HB1210 expands the practice area of these highly qualified and trained mental health providers, LCSW-C, allowing them to evaluate only those injuries that are related to mental and behavior health issues. Certified social workers have completed two years of supervised social work practice. A licensed certified social worker-clinical (LCSW-C) is an individual licensed by the State Board of Social Work Examiners to practice clinical social work. Practicing social work means to apply the theories, knowledge, procedures, methods, and ethics obtained through the completion of a bachelor's or master's degree from an accredited program in social work or the equivalent approved by the Council on Social Work Education.

Through the passing of HB 1210, these professionals are enabled to enhance social functioning of individuals suffering permanent mental or behavioral impairments.

Written Testimony in Support of HB 1210 Workers' Compensation–Evaluation of Permanent Impairments- Licensed Certified Social Worker–Clinical

Thank you, Chairman Delegate Wilson, Vice Chair Delegate Crosby, and members of the Economic Matters Committee for addressing this critical issue and therefore recognizing the vital role of social work. The School of Social Work appreciates the opportunity to provide testimony in favor of HB 1210. This bill would permit clinical social workers to perform an evaluation for the Workers' Compensation Commission if a permanent impairment involves a behavioral or mental disorder.

Current law restricts the professionals who may perform an evaluation to a licensed psychologist or physician. The changes proposed in the bill will better reflect that the far majority of behavioral health services are delivered by licensed social workers and they have the expertise to assess, evaluate, and treat individuals with behavior health conditions.

We support the language in the bill that limits these tasks to <u>only</u> include a licensed social worker at the highest level of licensing, the LCSW-C, and not the other social work licenses (LBSW or LMSW.) The requirements to earn this highest level of licensure include the following steps which take a minimum of over a four-year process before earning the LCSW-C.

Here is a description of the minimum requirements: (1) earn a master's degree from an accredited program; (2) successfully complete two field placement practicums/professional internships – two full-days their foundation year of the master's program and three full-days in their advanced year; (3) practice social work competencies in both placements under the supervision of a licensed and experienced social worker; (4) pass all the clinical coursework which is required for the LCSW-C; (5) pass the first (of two) national licensing test administered through the National Association of Social Work Boards (ASWB) or the *Masters exam*; (6) complete additional application requirements to earn the LMSW license; (7) work with their LMSW license for a minimum of 3,000 hours of social work experience under the supervision of a LCSW-C; (8) the work experience must be "clinical social work experience" which is defined to include: completing assessments; formulating diagnostic impressions or a diagnosis; treating mental disorders and other conditions; treating behavioral health disorders including substance use disorders, addictive disorders and other conditions; and providing psychotherapy; (9) pass the second national licensing test administered through the National Association of Social Work Boards (ASWB) which tests their clinical knowledge or *Clinical exam*; and (10) complete a minimum of 40 hours of continuing education in social work practice every two-year period.

I share these details to highlight that the steps along the social work licensing pathway for the LCSW-C has more than screened and prepared them to provide comprehensive evaluations concerning Workers' Compensation matters. Thank you for your consideration of HB 1210.

Respectfully submitted by

Judy L. Postmus, Ph.D., ACSW, Dean & Professor

NASW Maryland - 2025 HB 1210 FAV - Social Workers-Uploaded by: Karessa Proctor

Position: FAV

Economic Matters Committee February 26, 2025

House Bill 1210 Workers' Compensation - Evaluation of Permanent Impairments – Licensed Certified Social Worker-Clinical

*** Support***

Dear Chair Wilson, Vice Chair Crosby, and Members of the Committee,

The Maryland Chapter of the National Association of Social Workers (NASW-MD) represents over 2,700 social workers across the state. We are writing to express our strong support for House Bill 1210, which pertains to the evaluation of permanent impairments under the Workers' Compensation system.

This legislation specifically addresses the role of the Licensed Certified Social Worker-Clinical (LCSW-C) in evaluating, diagnosing, and treating mental and emotional disorders, including substance use disorders and behavioral health conditions, as part of the Workers' Compensation process.

The Health Occupations Article, Title 19-101, Section (5)(ii), authorizes the LCSW-C to independently evaluate and diagnose mental health conditions and impairments, provide treatment, and serve as an expert witness in legal proceedings. Additionally, the Labor and Employment Article and COMAR Title 14, Subtitle 09, Chapter 08 acknowledge the full scope of practice of the LCSW-C, including the authority to conduct evaluations, **make impairment determinations**, and provide medical case management.

In Maryland, there is a shortage of qualified mental health professionals capable of conducting comprehensive evaluations and providing appropriate care for injured workers. LCSW-Cs are well-trained to address mental and emotional impairments, and their role in medical case management ensures effective collaboration with other healthcare providers. Furthermore, LCSW-Cs are recognized as healthcare providers under both state and federal statutes, and their qualifications include the authority to authorize sick leave and determine Temporary Total Disability for injured workers.

(over)

Given the critical role that LCSW-Cs play in supporting the mental health needs of injured workers, NASW-MD fully supports the inclusion of the LCSW-C in Section 9-721(c) as an expert witness, in accordance with Workers' Compensation Commission regulations.

We urge the Committee to give a favorable report to HB-1210.

Sincerely,

Karessa Proctor, BSW, MSW

RE: HB-1210

Position: SUPPORT

Dear Delegate McComas and Members of the Economic Matters Committee:

I am writing this letter to express **strong support of HB-1210** which would authorize a Licensed Certified Social Worker-Clinical (LCSW-C) to perform evaluations and provide permanent impairment determinations related to mental and behavioral health disorders in workers' compensation cases.

The Maryland Department of Health Board of Social Worker Examiners defines that it is within an LCSW-C's Scope of Practice to: "Evaluate, diagnose and treat biopsychosocial conditions, mental and emotional conditions and impairments, and mental disorders as defined in Health-General Article, §10-101(f), Annotated Code of Maryland." LCSW-C's diagnose mental health conditions by utilizing the Diagnostic and Statistical Manual of Mental Disorders (DSM), the same diagnostic manual utilized by a psychiatrist or psychologist.

The LCSW-C would be required to follow the same Maryland rules, regulations, and Guides set forth by the American Medical Association's Guides to the Evaluation of Permanent Impairment as does the psychiatrist or psychologist. The LCSW-C who is not trained or competent in this area is ethically bound by the National Association of Social Worker (NASW) Code of Ethics to refrain from practicing in this area until they have acquired the necessary competence.

Maryland code defines LCSW-C's as authorized providers [COMAR 14.09.08.01] and health care professionals [§1–801], but LCSW-C's are not permitted to make permanency determinations with regard to mental health disorders, an area which is well within LCSW-C's scope of practice and expertise as mental health evaluators and providers. This is a disservice to injured workers in Maryland as additional qualified healthcare providers, knowledgeable of workers' compensation practice, are essential to provide these determinations that impact the benefits and livelihood of the injured worker. It would be of significant benefit to our Maryland injured worker population if LCSW-C's, who are bound by the Code of Ethics and Scope of Practice of their profession, and who would be registered practitioners with the WCC, demonstrating their knowledge and continuing education with this specific population, were able to provide permanent impairment determinations related to mental and behavioral health disorders.

Thank you for your attention and consideration.

Position: FAV

Wes Moore, Governor · Aruna Miller, Lt. Governor · Laura Herrera Scott, M.D., M.P.H., Secretary

Maryland Board of Social Work Examiners 4201 Patterson Ave Baltimore, MD 21215

February 26, 2025

The Honorable C.T. Wilson Chair, Economic Matters Committee 230 Taylor House Office Building Annapolis, Maryland 21401

RE: HB 1210 Workers Compensation – Evaluation of Permanent Impairment-Licensed Certified Social Worker-Clinical – Letter of Support

Dear Chair Wilson and Committee Members:

The Board of Social Work Examiners (BSWE) is writing this letter in support of HB 1210. The Licensed Certified Social Worker – Clinical (LCSW-C) is the highest independent level of clinical social work licensure in Maryland. The scope of practice for an LCSW-C includes the ability to evaluate, diagnose and treat biopsychosocial conditions, mental and emotional conditions and impairments, and mental disorders as defined in Health-General Article, §10-101(f), Annotated Code of Maryland.

Currently, the LCSW-C is authorized to evaluate and treat the injured worker as a part of the treatment process in a Workers Compensation case. However, they have not been able to render an opinion on "permanent impairment." This legislation would give LCSW-Cs the opportunity to be qualified as an "Expert Witness" in conducting evaluations and rendering a decision of permanent impairment in the case of Mental or Emotional Disorders, Conditions, or Impairments.

Enacting this legislation will encourage LCSW-Cs to engage in additional training and certifications to expand their scope of practice to not only treat injured workers but to also serve as expert witnesses. This will elevate their status as evaluators of individuals who have suffered permanent mental health impairments. Due to the shortage of qualified mental health care practitioners, this legislation would benefit both social workers and the stakeholders involved in the Workers Compensation field.

For these reasons, the Board of Social Work Examiners requests a favorable vote on HB 1210. If you would like to discuss this further, please contact me at 410-740-4722 or at karen.richards2@maryland.gov.

Respectfully,

Karen Richards, LCSW-C Executive Director

Pichards, LOSW-C

HB 1210 Chesapeake-IWIF Testimony_social worker_pe Uploaded by: Lyndsey Meninger

Position: UNF

Testimony of Chesapeake Employers' Insurance Company and Injured Workers' Insurance Fund in Opposition to House Bill 1210

House Bill 1210 proposes to authorize a licensed certified social worker–clinical to provide evaluation services for workers' compensation claims related to permanent impairments involving a behavioral or mental disorder under Labor and Employment, § 9-721.

Chesapeake Employers' Insurance Company and the Injured Workers' Insurance Fund have significant concerns regarding the proposal for licensed certified social workers—clinical to provide evaluation services currently performed exclusively by physicians, psychologists, and psychiatrists.

Under Labor and Employment § 9-721, only physicians or psychologists are authorized to provide permanent impairment ratings for workers' compensation evaluations. Additionally, COMAR 14.09.09.03 extends psychiatric impairment evaluations to psychiatrists. Given the long-standing practice of having only physicians, psychologists, or psychiatrists perform these ratings, Chesapeake Employers' Insurance Company and the Injured Workers' Insurance Fund are averse to allowing non-physicians, psychologists, or psychiatrists to conduct these evaluations. These evaluations must adhere to the standards set forth by the American Medical Association's "Guide to the Evaluations of Permanent Impairment," which have traditionally been completed by the aforementioned professionals.

Of particular importance, allowing non-doctors to provide permanent impairment ratings establishes a precedent that could potentially compromise the quality and consistency of these critical evaluations. Additionally, should House Bill 1210 pass, although Labor and Employment § 9-721 may permit a licensed certified social worker—clinical to perform ratings, it is likely that these ratings would not be upheld at the appellate level for various reasons, including potential questions about the evaluator's qualifications and the consistency of the evaluations with established medical standards

Due to this significant departure from established law and practice, Chesapeake Employers' Insurance Company and the Injured Workers' Insurance Fund respectfully oppose House Bill 1210.

HB 1210 Social Worker UNF APICA 02262025 .pdf Uploaded by: Nancy Egan

Position: UNF

Testimony of

American Property Casualty Insurance Association (APCIA)

House Economic Matters Committee

House Bill 1210 - Workers' Compensation - Evaluation of Permanent Impairments - Licensed Social Workers

February 26, 2025

Unfavorable

The American Property Casualty Insurance Association (APCIA) is a national trade organization whose members write approximately 67% of the U.S. property and casualty insurance market, including 90% percent of Maryland's workers' compensation market. APCIA appreciates the opportunity to provide written comments in opposition to House Bill 1210.

While APCIA does not object to permitting certain licensed social workers to provide vocational rehabilitation services under the workers' compensation law. There is a separate bill House Bill 1404- Workers' Compensation - Rehabilitation Practitioners - Licensed Certified Social Worker-Clinical which would accomplish this. APCIA does object to authorizing a licensed certified social worker-clinical to evaluate the mental or behavioral portion of a permanent impairment involving a behavioral or mental disorder. Consistent with current law in Maryland and other states, it is widely accepted that this type of evaluation should only be conducted by licensed psychologists and qualified physicians.

For instance, legislation enacted in California in 2022 – which otherwise authorizes licensed clinical social workers (LCSWs) to furnish certain types of *treatment* to workers' compensation claimants – pointedly "does not authorize" LCSWs to "determine disability" for either those claimants or unemployment claimants. See Section 3209.11 of the California Labor Code

For these reasons, APCIA urges the Committee to provide an unfavorable report on House Bill 1210.
