

Transmission Bill HB0829

Inbox

**Garrett** <froglipp@gmail.com>

to me

Delegate Charkoudian and the Education Energy and the Environment Committee**Regarding unfavorable stance on HB0829**

As President of the Prince George's Audubon Society and Advocacy Chair, I represent over 400 members who care for the conservation and protection of our contiguous forests and actually serve Maryland Residents.

We would like the bill to not be passed as we do not want to support further destruction of wildlife and birding habitats in the wonderful state of Maryland.

Thank you for your consideration and support of our stand not to continue the current destructive path planned for the Transmission lines.

Sincerely,

Lisa Garrett, President Prince George's Audubon Society Bowie MD
