# TESTIMONY

February 25, 2025

**Committee:** Senate Education, Energy, and the Environment

**Bill:** SB 546 – Municipal Incorporation - County Commissioners or County Council - Required Approval of Referendum Request

**Position:** Support

**Reason for Position:**

The Maryland Municipal League supports Senate Bill 546, which provides residents with a clear pathway to municipal incorporation.

Municipal incorporation understandably requires several significant procedural steps along the way to forming a new governing body. Part of the process includes establishing an organizing committee, working with the county liaison, holding public meetings, and developing a municipal charter.

But, after all this work, there is no mechanism that would require a county to allow a referendum of the voters to occur. As such, we have only seen 5 successful municipal corporations since 1954, all of which were already special taxing districts and provided no property tax revenue to their respective counties. No new community has established a municipality in over 70 years.

SB 546 gives local communities a fighting chance by requiring the county to approve a referendum request at the end of the process if 40% of the area's residents signed the incorporation petition. Registered voters would still have to vote for incorporation via referendum, but they will at least have the opportunity. We believe this is a reasonable and balanced approach which enables Maryland residents to have a say in their manner of representation.

For these reasons, the Maryland Municipal League respectfully requests a ***favorable*** report on Senate Bill 546.
