RE: HB 1484 Climate Solutions Affordability Act of 2025

Position: Unfavorable

My name is Kirk McCauley, my employer is WMDA/CAR, we represent service stations convenience stores and repair facilities across the state as a non- profit trade group

Hb1484 would create another layer and process for permitting that is already in place now. Adds another burden to business and costly to all including state and local government. entities. We are deep enough in the red now.

We ask for unfavorable report on HB1484
