The Honorable Pamela Beidle
Chair, Senate Finance Committee
3 East Miller Senate Office Building
Annapolis, MD 21401

Re: AHIP Opposes Senate Bill 303 in relation to ERISA

Dear Chair Beidle:

AHIP appreciates the opportunity to comment on SB 303, legislation which runs afoul of federal preemption because of its application to self-insured Employee Retirement Income Security Act of 1974 (ERISA) covered plans.

Today, more than half of Americans receive their health insurance through employer coverage that is governed by ERISA, which affords employers consistency and uniformity of health plan administration. This encourages health care coverage that improves the health and financial stability of employees and their families. In Maryland, more than 3.2 million residents (54% of the state's covered population) are covered by employer insurance. Of those Maryland employers that provide coverage to their employees, 48% of those employers offer self-insured ERISA plans.¹

AHIP strongly opposes any attempt to regulate ERISA self-funded plans beyond the limits allowed under federal preemption law and jurisprudence. We are concerned that several provisions in SB 303 are preempted by ERISA and, should the proposed policies be enacted, it may jeopardize the cost-saving, uniform standards your state's self-insured ERISA employers rely upon to provide affordable health insurance coverage to their employees.

AHIP supports a single, cost-saving national standard of regulation for employer-provided health care coverage – one that gives employers the option to assume financial risk and allows employers to choose specifically tailored and uniform benefits for their employees regardless of where they live. This ensures more affordable coverage that is easier to administer and understand. The alternative, a 50-state patchwork of complicated and inconsistent mandates for employer provided coverage, would cause confusion, and make coverage more expensive for Maryland employers and employees.

We are providing a legal analysis supporting this position. The Groom Law Group prepared the attached detailed legal analysis, including a discussion of the ERISA and jurisprudence landscape, a description of the specific provisions included in SB 303 of concern, and the basis for the federal preemption.

To protect Maryland's employers from increased health care costs, AHIP urges you not to favorably report SB 303.

Sincerely,

Keith Lake
Regional Director, State Affairs
