Hearing Date: February 4, 2025

Position: Support

Moveable Feast strongly supports *Senate Bill 372 – Preserve Telehealth Access of 2025*. The legislation makes telehealth flexibilities permanent in coverage provided by the Maryland Medical Assistance Program and state-regulated private insurance.

Moveable Feast’s mission is centered on health equity. We provide medically tailored meals to improve the health outcomes of people with serious chronic or life-threatening disease. Many of our clients have limited mobility or face transportation issues. Telehealth can provide a lifeline for them to receive needed care without leaving their homes. Research demonstrates the efficacy of telehealth in supporting the management of chronic conditions and serious illness.ⁱ

We ask for a favorable report. If we can provide any additional information, please contact Robyn Elliott at relliott@policypartners.net.
