Dear Chairperson Beidle and Vice-Chairperson Hayes,

On behalf of Veterans Guardian VA Claim Consulting LLC (Veterans Guardian), the largest Veteran-owned and operated Veteran disability benefits company in the country, we write respectfully in **favor, with amendments, to Maryland SB 928.**

Attempting to protect Veterans is an honorable endeavor that we all share; unfortunately, the current version of SB 928 misses the mark and would not only deny a Veteran the right to choose how they pursue their own claim, but they also fail to address the full spectrum of the issues at hand. The current SB 928 also fails to address critical issues including: providing additional oversight and protections for the Veteran while preserving their Constitutional rights to petition their government in a manner they see fit, and ensuring Veterans have access to diverse options and effective solutions for decades to come.

Additionally, nearly identical legislation is currently being challenged in other states on First Amendment grounds, including Veterans' right to petition their government – a right they were willing to give their lives for.

Veterans Guardian is a private Veteran disability claim consulting company owned and operated by Veterans, spouses of Veterans, and spouses of active-duty service members. We fully support the goal of ensuring Veterans have access to a diverse set of options to help them secure the benefits they have earned. We proudly serve more than 30,000 Veterans annually. We assist Veterans with receiving the disability benefits they have earned through their honorable service, achieving a success rate of greater than 90%, in an average of 85 days. This is far below the Veterans Administration average processing time of 150 days.

**Veterans Guardian has helped almost 2,600 Veterans in Maryland generating almost \$26 million in additional benefits per year for Veterans in Maryland.**

Trapping Veterans in a backlogged appeals system only benefiting a handful of attorneys is something Veterans Guardian aims to avoid by focusing on getting claims done correctly the first time. The current US Department of Veterans' Affairs (VA) disability benefits system is at best cumbersome and adversarial, and at worst broken to a point where it harms the Veterans for the benefit of a small number of powerful boutique law firms. In fact, in recent

US Congressional testimony, Kenneth Arnold, Acting Chairman of the Board of Veterans' Appeals testified under oath:

**"The [VA] courts clerk annually approved 6,500 to 7,300 attorney fee requests each year, almost all for remanded cases. This generates \$45 to \$50 million in attorney's fees each year, with the majority going to a small number of boutique law firms with relatively few Veterans receiving any increase in their monthly compensation."**

If passed as it is currently written, SB 928 will only exacerbate the problems with the current system and will add to the ever growing backlog of claims processed through VSOs and perversely incentivized attorneys. The current version of SB 928 would rob Veterans of the opportunity to seek expert help with a wide variety of claims and would force them into the Veterans Administration appeals trap.

According to the VA's publicly available data on accredited service officers and agents, the entire state of **Maryland has only 90 VSO representatives to provide assistance to the over 348,459 Veterans** who currently reside in the state. This equates to **each representative being responsible for handling the affairs of 3,871 Veterans**. Even the hardest working and most efficient volunteer would be pressed to give the best possible service to that many Veterans. This further demonstrates how harmful SB 928 will be by forcing Maryland's Veterans to rely on a system that is already overloaded and ineffective.

This is why over 70% of Veterans Guardian clients have turned to us for help after trying the other options available – they, not us, are telling you they prefer our expertly trained professional staff and the services we offer.

There is momentum building at the federal level in the United States Congress to reform the accreditation process for third party actors, like Veterans Guardian, that help Veterans achieve the full disability benefits they have earned. There are more than 18 million Veterans in America, but only 5 million have a disability rating. While actors such as VSOs and law firms also serve Veterans, more options, not less, are needed to effectively meet the demand of American Veterans.

Rather than purposely restricting a Veteran's right to choose how they pursue their claim as the current SB 928 does, a better approach is to implement necessary amendments and reforms that must take place to ensure the integrity of the systems and to protect Veterans from potentially bad actors. Some of these reforms include, but are not limited to:

- o Prohibiting anyone for receiving compensation for referring anyone to another person to assist with a veterans' benefits matter
- o Prohibiting anyone for receiving compensation for services rendered to a Veteran within one year presumptive period of active-duty release unless the Veteran specifically acknowledges in writing at the initiation of the services agreement that the Veteran is within the 1-year presumptive period, and has also been referred to a VSO of their choice
- o Mandating that anyone receiving compensation for assisting with Veterans' benefits must specify the terms under which the amount to be paid will be determined in a written agreement signed by both parties
- o Mandating any fees are purely contingent upon a successful outcome and are not to exceed 5x the monthly increase
- o Prohibiting any initial or non-refundable fees
- o Getting written confirmation from the Veteran they have been informed of their free options
- o Prohibiting the use of international call centers or data centers for processing Veteran's personal information
- o Prohibiting aggressive and direct solicitation
- o Prohibiting advertising or guaranteeing a successful outcome
- o Prohibiting businesses from gaining access to personal medical, financial, or governmental benefits log-in, username, or password information

These amendments will provide SB 928 with true protections that will ensure the Veteran is not taken advantage of, while still preserving their rights to seek expert claims support.

The demand for current services in this space is far too vast for the government and VSOs to handle on their own. This highlights the need for an enhanced system that provides an expanded pathway for accreditation and enhanced oversight. With these amendments, SB 928 can achieve this and we encourage you to support SB 928 with amendments to empower Veterans a choice on how they receive their benefits. Attached at the end of this document is a proposed revision to SB 928 to include these amendments which are critical to Veterans' needs.

I would encourage you or your staff to contact me at [Brian.Johnson@vetsguardian.com](mailto:Brian.Johnson@vetsguardian.com) to set up a meeting to discuss this matter further.

Sincerely,

Brian M. Johnson

Dear Chairman Wilson and Vice-Chairman Crosby:

On behalf of Purple Heart Homes (PHH), a North Carolina-based 501(c)(3) nonprofit dedicated to serving Veterans across the nation, we are writing to express our support to **Maryland Senate Bill 928 with amendments**.

Purple Heart Homes was founded in 2008 by Veterans John Gallina and the late Dale Beatty, both of whom served together in Iraq and returned with life-altering injuries. Inspired by the unwavering support of their community, they established PHH to honor fellow Veterans. Today, PHH provides housing solutions to service-connected, disabled, and aging Veterans of all eras across the United States, reflecting our core commitment to supporting Veterans and their rights.

Attempting to protect Veterans is an honorable endeavor that we all share; unfortunately, the current form of SB 928 misses the mark and would not only deny a Veteran the right to choose how they pursue their own claim, but they also fail to address the full spectrum of the issues at hand. The current bill also fails to address critical issues including: providing additional oversight and protections for the Veteran while preserving their Constitutional rights to petition their government in a manner they see fit, and ensuring Veterans have access to diverse options and effective solutions for decades to come.

Rather than purposely restricting a Veteran's right to choose how they pursue their claim as the current version of SB 928 does, a better approach is to implement necessary amendments and reforms that must take place to ensure the integrity of the systems and to protect Veterans from potentially bad actors. Some of these amendments include, but are not limited to:

- o Prohibiting anyone for receiving compensation for referring anyone to another person to assist with a veterans' benefits matter
- o Prohibiting anyone for receiving compensation for services rendered to a Veteran within one year presumptive period of active-duty release unless the Veteran specifically acknowledges in writing at the initiation of the services agreement that the Veteran is within the 1-year presumptive period, and has also been referred to a VSO of their choice
- o Mandating that anyone receiving compensation for assisting with Veterans' benefits must specify the terms under which the amount to be paid will be determined in a written agreement signed by both parties
- o Mandating any fees are purely contingent upon a successful outcome and are not to exceed 5x the monthly increase

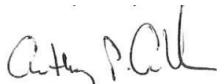

- o Prohibiting any initial or non-refundable fees
- o Getting written confirmation from the Veteran they have been informed of their free options
- o Prohibiting the use of international call centers or data centers for processing Veteran's personal information
- o Prohibiting aggressive and direct solicitation
- o Prohibiting advertising or guaranteeing a successful outcome
- o Prohibiting businesses from gaining access to personal medical, financial, or governmental benefits log-in, username, or password information

These amendments will offer the true protections that will ensure the Veteran is not taken advantage of, while still preserving their rights to seek expert claims support.

PHH also supports Veterans' rights to choose reliable and expert assistance, whether through private entities or traditional Veterans Service Organizations. Veterans deserve the freedom to access the support they need without undue restriction or compromise, and these amendments serve as an important step in that direction.

The demand for current services in this space is far too vast for the government and VSOs to handle on their own. This highlights the need for an enhanced system that provides an expanded pathway for accreditation and enhanced oversight. With these amendments, SB 928 can accomplish this, and we encourage you to support this amended legislation to empower Veterans a choice in how they receive their benefits.

Thank you for your dedication to Maryland's Veterans.

Dear Chairperson Beidle and Vice-Chairperson Hayes,

On behalf of The Teamsters Rail Conference, the Brotherhood of Maintenance of Way Employees (BMWED-IBT), and our Veteran members in Maryland, I write today to support **Maryland SB 928 with amendments.**

The BMWED-IBT is proud to offer and encourage private expert support to our Veteran members. Our members are armed with all the information available to them and appreciate the ability to make the best choice for them and their families. We have been working closely with Veterans Guardian to educate our members on the full range of options available free of charge and for a fee. We are proud to ensure that our Maryland Veteran members and brothers and sisters nationwide are well-informed and choose the best options for them.

As a Veteran myself and the Director of Government Affairs for the BMWED-IBT, I used Veterans Guardian to help me achieve an increase in my rating. Unfortunately, years of navigating the complicated Veterans Affairs process frustrated me. I tried the free services offered by Veteran Service Organizations, but while well-intentioned, they failed to meet my needs. Free doesn't always mean better, and I have the choice to decide who helps me with my claim.

While the current version of Maryland SB 928 might be well-intentioned, this issue has nuances and complications that require far more understanding. Rather than purposely restrict a Veteran's right to choose how they pursue their claim as the current SB 928 does, a better approach is to implement necessary amendments and reforms that must take place to ensure the integrity of the systems and to protect Veterans from potentially bad actors. Some of these reforms include, but are not limited to:

- o Prohibiting anyone for receiving compensation for referring anyone to another person to assist with a veterans' benefits matter
- o Prohibiting anyone for receiving compensation for services rendered to a Veteran within one year presumptive period of active-duty release unless the Veteran specifically acknowledges

in writing at the initiation of the services agreement that the Veteran is within the 1-year presumptive period, and has also been referred to a VSO of their choice

- o Mandating that anyone receiving compensation for assisting with Veterans' benefits must specify the terms under which the amount to be paid will be determined in a written agreement signed by both parties
- o Mandating any fees are purely contingent upon a successful outcome and are not to exceed 5x the monthly increase
- o Prohibiting any initial or non-refundable fees
- o Getting written confirmation from the Veteran they have been informed of their free options
- o Prohibiting the use of international call centers or data centers for processing Veteran's personal information
- o Prohibiting aggressive and direct solicitation
- o Prohibiting advertising or guaranteeing a successful outcome
- o Prohibiting businesses from gaining access to personal medical, financial, or governmental benefits log-in, username, or password information

These amendments will provide SB 928 with true protections that will ensure the Veteran is not taken advantage of, while still preserving their rights to seek expert claims support.

Maryland Veterans deserve a choice, and the BMWV members in Maryland deserve the option to use companies like Veterans Guardian.

The current version of SB 928 is trying to accomplish a noble effort, and with amendments it can empower Veterans a choice in who they receive support from. I strongly urge you to support these amendments to MD SB 928, to protect our Veterans and give them the best assistance possible.

Dear Chairperson Beidle and Vice-Chairperson Hayes,

As one of the founding members of United Veteran Benefits Agency, LLC a majority-Veteran owned and operated organization, I am writing in **support, with amendments, of Maryland SB 928.**

Attempting to protect Veterans is an honorable endeavor that we all share; unfortunately, in the way it is currently written, SB 928 misses the mark and would not only deny a Veteran the right to choose how they pursue their own claim, but they also fail to address the full spectrum of the issues at hand. MD SB 928 also fails to address critical issues including: providing additional oversight and protections for the Veteran while preserving their Constitutional rights to petition their government in a manner they see fit, and ensuring Veterans have access to diverse options and effective solutions for decades to come.

United Veteran Benefits Agency LLC, as I mentioned above, is a Veteran owned and operated organization. Our staff is comprised 100% of Veterans, Veteran spouses and family, and spouses and family members of active-duty service members who understand the medical and mental health difficulties Veterans live with and the complexities of the VA disability process. We have a success rate of 90%, which means fewer appeals bogging down the system. Our goal is to do it right the first time, keeping the process moving through the VA system efficiently, preventing appeals and providing the Veteran with the benefits they have earned in a timely fashion. Passing the current form of MD SB 928 will only inflate the backlog that occurs within the VA system and as stated before, strip away a Veteran's choice in how they pursue their VA disability claims.

As a consulting firm, our goal is to assist every Veteran who comes to us requesting help in a manner that is tailored to them and their family. We ensure the Veterans we work with understand their options including free services. And, if they choose to go in that direction, but aren't sure where to go, we help provide them with the service that is nearest to them. Since the inception of our business, we have served over 3500 Veterans. Many of them have called us crying from joy and relief after receiving their new VA disability rating stating they've been trying to navigate the system for months with no success. Others have written to us stating we "changed their lives".

Rather than purposely restricting a Veteran's right to choose how they pursue their claim as the current form of SB 928 does, a better approach is to implement necessary amendments and reforms to SB 928 that must take place to ensure the integrity of the systems and to protect Veterans from potentially bad actors. Some of these reforms include, but are not limited to:

- o Prohibiting anyone for receiving compensation for referring anyone to another person to assist with a veterans' benefits matter
- o Prohibiting anyone for receiving compensation for services rendered to a Veteran within one year presumptive period of active-duty release unless the Veteran specifically acknowledges in writing at the initiation of the services agreement that the Veteran is within the 1-year presumptive period, and has also been referred to a VSO of their choice
- o Mandating that anyone receiving compensation for assisting with Veterans' benefits must specify the terms under which the amount to be paid will be determined in a written agreement signed by both parties
- o Mandating any fees are purely contingent upon a successful outcome and are not to exceed 5x the monthly increase
- o Prohibiting any initial or non-refundable fees
- o Getting written confirmation from the Veteran they have been informed of their free options
- o Prohibiting the use of international call centers or data centers for processing Veteran's personal information
- o Prohibiting aggressive and direct solicitation
- o Prohibiting advertising or guaranteeing a successful outcome
- o Prohibiting businesses from gaining access to personal medical, financial, or governmental benefits log-in, username, or password information

These are true protections that will ensure the Veteran is not taken advantage of, while still preserving their rights to seek expert claims support.

UVBA also supports Veterans' rights to choose reliable and expert assistance, whether through private entities or traditional Veterans Service Organizations. Veterans deserve the freedom to access the support they need without undue restriction or compromise, and these amendments serve as an important step in that direction.

The demand for current services in this space is far too vast for the government and VSOs to handle on their own. This highlights the need for an enhanced system that provides an

expanded pathway for accreditation and enhanced oversight. An amended SB 928 can accomplish this, and we encourage you to support this legislation and amendments to empower Veterans a choice in how they receive their benefits.

Thank you for your dedication to Maryland's Veterans.

Sincerely,
