

Dear Delegates of the Health and
Government operations committee.

My name is Emersyn Kissinger

I am a 4th grade student at

Prince Street Elementary School

in Salisbury MD. I am writing to

you because I want to talk about

the purple Pitcher Plant Maryland's

Official plant. I think it

should be Maryland's official carivorous

plant because it helps alot in

gardens to keep pests away from

the plants. It also keep our lands pest

free. I hope you can help us
by voting yes on house bill
802 to make the purple pitcher
plant Maryland's official carnivorous
plant. Thank you very much
for your attention to this
issue. With your help I
believe that you can help
us make the purple pitcher
plant Maryland's official carnivorous
plant.

Sincerely,

Emersyn Kissinger
