

Dear Heath and GOVERNMENT OPERATIONS
COMITTEE. My name is Anthony and I
am a scholar at PRICE STREET
ELEMENTARY. I would like to talk
about the PURPLE PITCHER PLANT
because it can kill PESTS inside and
OUT. They are native to Maryland.
I hope you can help by voting and
saying YES to a beautiful plant and
HOPEFULLY OUR OFFICIAL PLANT. With
YOUR help we can have this as
OUR PLANT. ♥

LOVE

Anthony
