Senate Bill 0372
In Support Of
Preserve Telehealth Access Act of 2025
Finance Committee
Hearing February 5, 2025, at 2:00 p.m.

Dear Honorable Senator Pamela Beidle, Chair, Senator Antonio Hayes, Vice Chair, and distinguished Finance Committee members,

The Maryland Retired School Personnel Association (MRSPA) supports SB 0372 Preserve Telehealth Access Act of 2025.

Our MRSPA Legislative Priorities include legislation that allows services that help seniors age in place and remain healthy, active, and independent. This legislation would allow Marylanders continued access to telehealth services and require insurance companies to reimburse physicians and medical facilities for the approved telehealth services.

MRSPA believes that access to telehealth service is critical to seniors and other vulnerable adults who may not be able to attend in-person medical appointments for a variety of reasons. Quality and improved health care access ensures a better life, not just for seniors, but for all Marylanders.

SB 372 removes the limitation on the period during which Marylanders can use telehealth services as a health care delivery option. Coverage and reimbursement of such health care services have proven their value to Maryland citizens.

On behalf of the over 12,000 members of the Maryland Retired School Personnel Association, we strongly urge a favorable report on SB 372.

Sincerely,

Elizabeth H. Weller
President

Virginia G. Crespo
