

Dear Delegate of the Health and Government
Operations Committee,

My name Amira medox and I am a 4th grade
Student at Prince Street elementary. I want to talk
about making the Purple Pitcher Plant Maryland's official
Carnivorous Plant. I think qualifies because The
northern Pitcher Plant is classified as invasive in
our State. Also because the Pitcher plant keeps
mosquitos and other bugs away from us. I hope that
you can help by voting for the Pitcher Plant to be
our official Plant. Thank you for your
attention to this issue

Sincerely

Amira medox
