

**Health and Government Operations**  
**House Bill 752**  
**Favorable with Amendments**

Honorable Chair, Vice Chair, and Members of the Health and Government Operations Committee;

Please give House Bill 752 a favorable vote once it has been amended. The amendments I request include decreasing or obliterating the outrageous salary of the director of the commission, and having the commission report its findings earlier than 2032.

If you choose to pass House Bill 752 without the amendments, I would like to volunteer myself for the job as the director of the commission. I despise white supremacists, would love to get paid just to use Google Maps, a dictionary, and history books, and would even donate at least half of my salary to anti-racist organizations.

The work to change anything that honors white supremacist ideology needs to happen. I just don't think that it needs to take so long, or that the director of a commission that meets only four times a year has responsibilities equal to \$80,000 a year. We're talking over half a million dollars by the end of that 7 years.

Thank you for your consideration.

Sincerely,  
Debi Jasen
