The Honorable Chair Delegate Joseline A. Pena-Melnyk
Chairman, Health Government and Operations Committee
Room 240 Taylor House Office Building
Annapolis, Maryland 21401

RE: SUPPORT of House Bill 845

(Public Health – Overdose and Infectious Disease Prevention Services Program) - FAVORABLE

Dear Chair Pena-Melnyk and members of the Health Government and Operations Committee,

My name is Rayshauna Lemon and I am writing to support House Bill 845 “Overdose and Infectious Disease Prevention Services Program”. HB845 will allow community based organizations to establish overdose prevention programs to reduce overdose deaths, which continue to occur at alarming levels in Maryland.

I have been sober for over 6 years, and sadly have lost over a dozen friends in sobriety to overdose during this time. Prior to my personal sobriety, the number of overdoses were higher.

Between December 2023 and November 2024, we lost 1,689 Marylanders to fatal overdoses. We urge the Maryland General Assembly to authorize overdose and infectious disease prevention services, an intervention proven for over 35 years of research to decrease overdose deaths. The proposed Overdose and Infectious Disease Prevention Services Program mirrors the 200 evidence-based public health interventions already established across the world in 14 countries, including two in the United States. Trained personnel monitor participants for signs of overdose and intervene to prevent or reverse overdoses. In addition to overdose prevention services, OPCs provide a welcoming space that helps bring drug use indoors and connect people to long-term, life-sustaining resources, **like addiction services and social supports, including voluntary treatment.**

This is an emergency and we urge you to act now. **We ask that the Health Government and Operations Committee give HB845 a favorable report.**
