House Health & Government Operations Committee

MHA Position

On behalf of the Maryland Hospital Association's (MHA) member hospitals and health systems, we appreciate the opportunity to comment in support of Senate Bill 423.

The Maryland Board of Physicians is an essential partner in supporting the physician and allied health workforce. We appreciate the Board's inclusion of amendments which address the concerns raised in our initial testimony related to the 10-day mandatory reporting requirement. We look forward to working with the Board during the interim on regulations that will further clarify the reporting process.

For these reasons, we request a favorable report on SB 423.
