

Testimony Against HB1368

Honorable Delegates

Please enter an unfavorable report against HB1368.

I am against

- Altering the circumstances under which the Secretary of Health is required to make a new certificate of birth due to the change of a sex designation of an individual;
- establishing requirements and a prohibition related to the making of new certificates of birth; and
- altering the options for indicating an individual's sex designation on a license, identification card, or moped operator's permit issued by the Motor Vehicle Administration.

There are only two sexes: male and female. One may delude oneself and think otherwise and one may even alter one's body to look different than one's biological sex at birth, but the basic DNA in one's cells has not changed.

No parents or guardians should be allowed to request a change of sex on their child's birth certificate even if they allowed a sex change operation or allowed the child to take puberty blockers. These actions are an affront to God and common sense and the State should not condone it or support it.

So please enter an unfavorable report against HB1368.
