

Dear, Delegates of the Health and
Government Operations Committee.

My Name is Kinga and I am a 4th
Grader at Prince Street Elementary
in Salisbury, MD. I am writing to you because
I believe that the purple Pitcher Plant
should be Maryland's official carnivorous
plant. I love Maryland and it grows in
our wet lands.

It is also beneficial to our environment
because it helps eliminate pests and
the Pitcher Plant's help keep the
environment pest free.

Vote Yes on the House Bill 802.
Thank you for your time
and attention to this issue.

Sincerely

Kinga
