Dear Chair Pena-Melnyk:

As neighborhood leaders, we have dealt with using residential properties to provide housing for individuals with disabilities. Senate Bill 945/House Bill 1136 would enhance the likelihood that these homes will be run consistently with the governing standards for their operation. For example, this legislation would designate a single point of contact to respond to complaints, concerns, or issues regarding home operations. If needed, please feel free to contact us by email at [mlkumc1@comcast.net](mailto:mlkumc1@comcast.net) or by telephone at 443-641-3929.

Sincerely yours,

  
Pastor Mary E. Robinson and the Congregation of the  
Martin Luther King, Jr. Memorial U.M. Church
