Committee Members,

I have watched for the last 30 some years, the “Maryland General Assembly”, every year attempt to ban this item and that item, in the name of reducing crime. Once the MGA bans one item, and repeat violent felons do not “make a life change”, The MGA then bans something else the next year, and the next year. And here we are, 30 years later and the MGA refuses to pass laws to put/keep violent felons in jail.

But the MGA thinks banning yet another object is going to stop these repeat violent offenders??

Converting a pistol to full auto is already a felony; Law abiding citizens such as myself do not commit felonies or break firearm laws.

A 2nd issue is,, ANY semi auto pistol can be converted to a full auto pistol by replacing the sear and/or other small parts,, HB1287 would in effect ban ALL semi auto pistols.

A very minute segment of Maryland’s population is breaking the law by converting a pistol to full auto,, these same people are also 99.9% of the time already felons and breaking the law, as they commit violent felony after violent felony.

Is it not time went after those people that have made violence, death and destruction a way of life?? And stopped creating laws that only Law abiding citizens obey ??
