The Honorable Ryan Nawrocki  
Maryland House of Delegates  
Maryland State House  
Annapolis, MD 21401-1991

Dear Delegate Nawrocki:

I am writing to reiterate my strong support for House Bill 202, which you have sponsored to address improper activities by squatters.

During the fall of 2025, the residents of the Honeygo Village Center in Perry Hall spent weeks reacting to a squatting situation in their community. While the situation was resolved thanks to prompt action by the propertyowner, our office, and the Baltimore County Police Department, it was an eye-opening experience that confirmed the many hurdles citizens must undertake to deal with illegal squatters.

Your legislation is common sense and protects the rights of propertyowners and neighbors. I strongly support its passage, and thank you very much for acting to support the community.

Sincerely:

A handwritten signature in black ink that reads "David Marks". The signature is written in a cursive style with a long, sweeping underline.
