

Bill No: HB629
Title: Civil Actions - Immunity - Disclosure of Allegations of Sexually Assaultive Behavior (Stop Silencing Survivors Act)
Committee: Judiciary
Hearing: February 12, 2025
Position: FAVORABLE

The Maryland Legislative Agenda for Women (MLAW) is a statewide coalition of women's groups and individuals formed to provide a non-partisan, independent voice for Maryland women and families. MLAW's purpose is to advocate for legislation affecting women and families. To accomplish this goal, MLAW creates an annual legislative agenda with issues voted on by MLAW members and endorsed by organizations and individuals from all over Maryland. **HB629 - Civil Actions - Immunity - Disclosure of Allegations of Sexually Assaultive Behavior (Stop Silencing Survivors Act)** is a priority on the [2025 MLAW Agenda](#) and we urge your support.

HB629 would provide protection from retaliatory litigation for survivors who disclose sexual assault in good faith, while preserving the right to sue for intentional or reckless disclosure of false information or malicious allegations of assault. It is fair and it is needed for survivors, the majority of whom are women. If passed, it would provide sexual assault survivors with the same protections that are currently given to employers providing employment references. It provides a practical and effective way to discourage sex offenders from using the courts to silence survivors.

Sexual assault continues to be one of the most under-reported and under-prosecuted crimes in America. In Maryland and across the country, rapists are using retaliatory lawsuits to silence those who speak out about sexual violence. Survivors are being subjected to expensive, retraumatizing, and drawn-out litigation, and some are discouraged from ever speaking out.

Of all adult women residing in Maryland, 19%, or about 457,000 adult women, have experienced some form of completed or attempted rape in their lifetime. About 44%, or 1,058,000 of Maryland's women, and more than 23% of Maryland's men, about 520,800, have experienced other forms of sexual violence. (Bureau of Justice Statistics, Crime Victimization Survey, 1992-2015)

Nearly 1 out of every 5 American women, 18 years or older, has been the victim of at least one attempted or completed rape in her lifetime. (National Intimate Partner and Sexual Violence Survey: 2015 Data Brief.) This bill will help empower survivors who choose to disclose sexual assault and will help make our communities safer by making it more likely that sex offenders will be identified and held accountable.

For these reasons, MLAW strongly urges the passage of HB629.
